Somewhat Uncertain.

WOOL AND FREE LIST BILLS

If President Vetoes These Measures
House Managers Will Drop Tariff
Revision at This Session—If Either
Bill Is Signed Whole Tariff Program
Will Be Opened Up and Congress
Will Remain in Session.

Washington, Aug. 2.—If President Taft vetoes the farmers' free list bill and the wool tariff bill, both of which, it is asserted, will be sent to him, the Democratic managers of the house will make no further effort at tariff revision this session, but will continue the preparation of tariff bills for the regular session next December. If he signs either measure the whole tariff program of the Democrats will be opened up and congress will remain in session. Democratic Leader Underwood made this announcement.

Now the free list bill goes back to the house and Democratic Leader Underwood of that body confidently asserted that it will be finally agreed to in conference between the two houses and sent to President Taft.

It is not certain that the house will insist on a conference, for many prominent Democratic representatives, believing that the bill has not been materially changed, are urging that the house accept the senate bill without controversy and rush the first of the tariff measures up to the president for veto or approval.

"I think the bill will go to President Taft," said Leader Underwood. "I am not sure it will be sent to conference. I certainly see nothing to prevent the two houses from reaching an agreement upon its final form."

FREE LIST MEASURE PASSES

Democrats and Progressive Republicans
Again Join Hands.

Washington, Aug. 2.—Combined in the same alliance that resulted in the passage of a compromise woolen tariff revision bill in the senate last week the Democrats and Republican insurgents of that body passed a compromise farmers' free list bill, 48 to 30. The original house bill first was defeated by a tie vote of 39 to 39 and then reoffered carrying an amendment by Senator Kern of Indiana.

As amended and finally adopted the bill differs but little from the original.

BEGINS MACHINERY PROBE

Inquiry Into Alleged Trust Started by
Federal Grand Jury.

Boston, Aug. 2.—The question whether there has been an unreasonable restraint of trade in the business of manufacturing shoe machinery, under the Sherman anti-trust act, was taken up at a special sitting of the grand jury of the United States circuit court, called at the request of Assistant Attorney General Gregg who has been investigating the United Shoe Machinery company of this city. It is expected that the investigation will not be concluded before September, as the federal authorities desire to obtain evidence from shoe manufacturers in different parts of the country.

PHOSPHORUS DOUBLES WHEAT

Yields Without Match in Annals of
Scientific Agriculture.

Urbana, Ill., Aug. 2.—The yield of wheat on an experiment field of the University of Illinois in McLean county has more than doubled in the past ten years, largely through the use of phosphorus as a fertilizer, according to returns from the threshers. The record is said to be without a precedent in the annals of scientific agriculture.

Ten plots, fertilized and unfertilized have been watched since 1902. According to the rotation policy a wheat crop was raised in 1905. Another was raised this year.

The plot treated with lime and phosphorus showed the greatest increase.

MAY PUT WILSON ON GRILL

Disagreement in House Committee Investigating
Wiley Charges.

Washington, Aug. 2.—The house committee investigating department of agriculture expenditures and the general charges against Dr. Wiley nearly went to pieces over the question whether Secretary of Agriculture Wilson should be placed on the grill as to his reasons for organizing the Remsen pure food referee board. The matter was left open.

Vote to End Coal Strike.

Winnipeg, Aug. 2.—The vote at the Fernie coal mining camp advises ending the strike. As there are 1,190 votes there it will largely determine the vote of the district. The vote was unanimous. Merchants of the various towns are feeling the effects of the strike and, with the press, are urging the miners to give in.

CONCERN DROVE
SHREWD BARGAINHow Steel Trust Acquired Tennessee
Coal and Iron.

EXPERT ENGINEERS ON STAND

Assert That Ore Holdings and Coal
Deposits Secured by the United
States Steel Corporation in Ex-
change for \$29,000,000 in 5 Per Cent
Bonds Have Valuation of \$200,000,000.

New York, Aug. 2.—That the ore and coal holdings acquired by the United States Steel corporation in the absorption of the Tennessee Coal and Iron company in 1907 have a valuation of \$200,000,000 was estimated from figures on the mineral holdings of the Tennessee company, given to the house of representatives committee on inquiry into the steel corporation by expert engineers.

In acquiring the Tennessee company the United States Steel corporation exchanged 5 per cent second bonds valued at \$29,000,000, the transaction having been brought about to prevent the collapse of the New York brokerage firm of Moore & Schley, because of excessive loans with Tennessee Coal and Iron stock as collateral.

Since the beginning of the inquiry into that deal Representative Stanley and other members of the house committee have sought to develop evidence tending to prove charges that the impending panic and danger to Moore & Schley was not the prime motive for the merger, but that it was a desire of the steel corporation to acquire the Tennessee company and its vast mineral deposits of the Birmingham district.

In furtherance of that idea, notwithstanding the determined declarations of witnesses after witness who participated in the exchange that the suggestion of conspiracy was preposterous, the committee heard testimony of C. P. Perin, Walter Moore and W. M. Given, expert engineers, who appraised the deposits of the Birmingham fields in 1904.

These men declared that the ore deposits of that region and their proximity to coal deposits estimated at nearly two billion tons make that territory almost unparalleled from an ore producing standpoint. Ore royalties of 35 cents a ton on more than 400,000,000 tons in that region acquired by the steel corporation from the Tennessee company and coal deposits aggregating more than 1,600,000,000 tons were given by the experts as a basis upon which members of the committee compute that these properties alone are worth \$200,000,000.

BISHOP MALLALIEU IS DEAD

Probably Oldest Methodist Minister
in Point of Service.

Auburndale, Mass., Aug. 2.—Rev. Dr. Willard Francis Mallalieu, bishop of the Methodist Episcopal church and probably oldest minister in point of years of service in the denomination, died at his home after a month's illness of old age and exhaustion. He was eighty-three years of age.

Bishop Mallalieu was one of the foremost figures in the Methodist denomination, taking an active part in general conferences, holding important position in the assignments of national committees, writing voluminously on religious and secular subjects and serving as trustee of many denominational institutions.

Bishop Mallalieu was graduated from Wesleyan university in 1857. He received the degree of D. D. from the East Tennessee Wesleyan university in 1874 and LL. D. from New Orleans university in 1891.

CHARGES AWAIT DUMAS CASE

Accusations Against Minnesota Sheriff
Will Be Held.

St. Paul, Aug. 2.—Charges against Sheriff A. B. Hazen of Beltrami county will not be returned, nor will their investigation by the attorney general be rushed, but rather will they be held pending the outcome of the Dumas case, as originally planned by the attorney general, according to the decision announced by Mr. Simpson, who started the rumormongering State Fire Marshal Keller and his assistant, Sam F. Fullerton, to whom he passed it on, and Ralph W. Wheelock, secretary to the governor.

What the Bull Couldn't Do.

Early in the legal career of Joseph H. Choate the future ambassador was opposed to a hot tempered attorney, who, in the heat of argument, shouted impudently at his young opponent, "Why, I can whip six like you!" Choate, looked at the other with profound contempt. "My father owned a bull," he said at length, "that was a wonder to fight. He could lick all the cattle in the neighborhood, and he did it too. But," concluded young Choate significantly, "he couldn't win a lawsuit."—Ladies' Home Journal.

WOOL BILL TO CONFERENCE

House Refuses to Concur in Senate
Amendments.

Washington, Aug. 2.—The house of representatives refused to concur in the amendments made in the senate to the wool bill previously passed in the house.

A conference was asked for and Speaker Clark named the following conferees: Representatives Underwood of Alabama, Randall of Texas and Harrison of New York, Democrats, and Payne of New York and Dalzell of Pennsylvania, Republicans.

The senate conferees, according to present indications, will include Senators Penrose and Cullom, regular Republicans, Bailey and Simmons, Democrats, and La Follette, progressive Republican.

SETS ASIDE MILLION
FOR WORTHY POORWill of Late Edward Rutledge
Admitted to Probate.

Chippewa Falls, Wis., Aug. 2.—The will of the late Edward Rutledge, lumber baron, admitted to probate here, admits of personal property of a cash value of \$3,000,000, but does not disclose anything about the vast Western timber holdings of the late timber baron.

E. L. Ahnsworth, secretary of the American Immigration company and for the past five years private secretary of the testator, and S. B. Nimmons, cashier of the Lumbermen's National bank of this city, are the executors of the estate and are not required to give any bond and can do as they please in handling the estate, making new investments or selling property without asking the court.

The millionaire made only one bequest in the will and that to Miss Belle Morse of this city, who is given \$20,000. She is a niece of his wife, who died last October.

Then he sets aside \$1,000,000 as a trust fund, the proceeds to be used for charitable purposes.

The residue of the estate will go equally to a dozen nieces and nephews of the testator, the children of his deceased brothers and sisters.

Edward Rutledge set aside \$200,000 for a Hannah M. Rutledge home for the aged, to be built here to the memory of his wife, and the income from the \$1,000,000 trust fund will maintain it.

WAR ON SHORT MEASURES

Iowa Commissioner Starts on Vigorous
Crusade.

Des Moines, Aug. 2.—A statewide crusade against short measures was announced by W. B. Barney, state dairy and food commissioner, following a conference with Attorney General George Cosson. The last legislature made it the duty of the commissioner to enforce the weights and measures law.

The first step of the commissioner will be to instruct the department inspectors to make an immediate test of measures and scales in all food handling shops.

Housewives and "ultimate consumers" all over the state will be advised to purchase scales and see that hereafter potatoes, apples and the like are purchased by weight instead of by measure.

WILL BE SIGNED THURSDAY

Arbitration Agreements With France
and England Finished.

Washington, Aug. 2.—The general arbitration treaties between the United States and Great Britain and the United States and France will be signed at 3 p. m. Thursday in President Taft's office at the White House. Ambassador Bryce will sign the British treaty jointly with Secretary of State Knox and the French treaty, after it is signed by Secretary Knox, will be dispatched by special messenger to Paris to exchange for the one bearing the signature of French Minister of Foreign Affairs Selves.

TWO SIGNIFICANT
ELECTIONS SOONPoliticians Watching Kentucky
and Massachusetts.

WILL SHOW VOTERS' TREND.

Governors of Both Commonwealths Are
Possible Candidates For the Vice
Presidency—Senators and Representa-
tives Are Eager to Adjourn and
Leave Washington.

By ARTHUR W. DUNN.

Washington, Aug. 2.—[Special.]—Two state elections this fall are expected to have considerable significance, although it would be easy to predict the result in both states next year as to president. Massachusetts will elect a governor and will Kentucky, Kentucky, seemingly a sure Democratic state, now has a Republican governor, and Massachusetts, always a Republican state in presidential years, has a Democratic governor.

The vote in both states will be somewhat significant as showing the trend of politics. Foss of Massachusetts is a vice presidential possibility, and if he carries the state by a good majority another time he will be in the presidential class. Governor Wilson will be considered as a vice presidential possibility on the Taft ticket if he is again elected in Kentucky.

Want to Get Away.

While there is a lot of talk about "sticking to our duty and legislating for the people," there are mighty few members who are not sick of congress and want to get away. Speaker Clark decries the adjournment fever and says it is the duty of the Democrats to stay here and legislate. This is pretty good for Champ, for he is losing a thousand dollars a week that he might be making on the lecture circuit.

In the senate the desire to adjourn is greater than in the house, which would be shown if a secret poll could be taken. But duty drives them on and until there is a good excuse to adjourn the senators and representatives must stay on and legislate or try to do so.

Investigations Will Lag.

As soon as congress adjourns the investigations that have been going on will practically cease. Members of committees conducting them are willing to keep going as long as they have to stay in Washington, but they will not remain just for that purpose after the adjournment. Of course a few committees may continue, especially those that move about from place to place and take testimony, but it is believed that nearly all committees of inquiry will adjourn with congress.

Distinguished Fort Dodge.

The congressional directory, the guide of faith for the national capital, shows that one man in congress was born in Fort Dodge, Ia. Years ago this distinguished place was a frontier military post on the Des Moines river. Later it was the home of Senator Doolittle and is now the home of Senator Kenyon.

Steven B. Ayres, representing the Eighteenth district of New York, the Bronx, is a native of Fort Dodge, having been born there in 1861. His parents must have been pioneers. Since he came to congress and the election of Senator Kenyon to the senate Ayres and the Iowa senator have become very great friends. Ayres likes to hear about his old home, and Kenyon has a liking for the active representative of the Bronx district.

An Ohio Object Lesson.

There is doubt expressed whether the congressmen who were making a trip down the Ohio river were held up on a sand bar by accident or design. They have been grieved about it, but it all may have been an object lesson by which the navigation interests wanted to convince the men who prepare river and harbor bills of the necessity of making ample appropriations for the Ohio river.

Capitol Restaurants.

Both the senate and house maintain restaurants for the accommodation of senators and representatives, the capitol employees and visitors who may be at the big building about lunch time. That neither of these eating places is good has been well known for years. It seems to be impossible to make them meet the requirements of midday meals. Heavy foods, not prepared with care corresponding to the prices, prevail to a large extent. It is impossible for people to get a light luncheon of a dainty character. Many men leave the capitol and seek their lunches at eating places near the capitol grounds. In the matter of official restaurants the Canadian parliament has Washington beaten out of sight.

Dislikes Police Court Methods.

If Senator Oliver of Pennsylvania can have his way he is going to stop the police court methods of debate in the senate. The idea of running colloquies of interminable length without accomplishing any purpose is objectionable to Oliver. He has established a precedent and a ruling to the effect that no senator can yield the floor to any one except for a question, and he intends to enforce that rule when he is in the senate.

sippi Senatorial Primary.

VARDAMAN LEADS IN RACE

Ahead in Democratic Senatorial Primary
in Mississippi.

Jackson, Miss., Aug. 2.—Former Governor James K. Vardaman probably will be the next United States senator from Mississippi. Meager returns from the Democratic primary election show he is leading Senator Leroy Percy and C. H. Alexander at a ratio of about 46 per cent. In the more remote rural districts it is reasonably predicted that this ratio will be sufficiently increased as to give Vardaman a small majority over both his opponents.

RAILROADS INTEND
INCREASING RATESOfficers of Transcontinental
Lines to Meet Aug. 7.

Chicago, Aug. 2.—A step by which transcontinental railroads hope to offset the recent reduction in commodity rates to Western points ordered by the interstate commerce commission is expected to be taken at a meeting of the traffic and executive officers of all transcontinental lines to be held here Aug. 7.

The plan under consideration by the railroad men comprises the abandonment of the present method of meeting water competition on the Pacific coast, so far as the class rate business is concerned, and a substantial increase in rates.

Class rates were not involved in the intermountain case and as they cover only high grade commodities the railroads are said to feel there is not imperative need of meeting competition of the water carriers.

PEAVEYS SELL ELEVATORS

Part of General Liquidation of Grain
Company.

Minneapolis, Aug. 2.—F. B. Wells, vice president of F. H. Peavey & Co. of Minneapolis, returned from Chicago, where he was engaged in conferences with reference to the Peavey Grain company. Mr. Wells announced the sale of the company's grain elevators in South Chicago, saying it was a part of the general liquidation of the business. "The elevators have been for sale for some time," said Mr. Wells.

With regard to the report of the creditors' committee in connection with F. H. Peavey & Co., showing the latter company to have borne well the losses sustained because of the failure of the Chicago firm, Mr. Wells said:

"Things are just as we said they would be. Assets of \$5,500,000 as security for collateral notes should be sufficient guarantee against an indebtedness of \$2,000,000."

WOMAN IN CHARGE OF MINTS

Highest Paid Female on Government
Payroll.

Washington, Aug. 2.—A woman is now in actual charge of the mints of the United States. Miss Margaret Kelly, long connected with the mint bureau, was appointed examiner, in which position she will be next in authority to George E. Roberts, the director. Mr. Roberts at present is out of town and will not be back for several weeks.

Miss Kelly's salary will be \$3,000 a year, making her the highest paid woman in the government service.

Would Extend Settlers' Aid.

Washington, Aug. 2.—Senator Crawford of South Dakota has introduced a bill in the senate for the relief of homesteaders in the Rosbud, Cheyenne and Standing Rock reservations, similar to that of Representative Burke. The house committee on public lands, which favorably reported Representative Burke's bill, eliminated Cheyenne and Standing Rock.

Women Assault Editor.

Danville, Ill., Aug. 2.—Frank H. Guthneek, editor of the Record, published at Westville, was mobbed by women who were enraged over references made to them and their daughters in his paper. After the editor's spectacles had been smashed he drew a revolver and by threatening to shoot escaped to the home of a friend.

CAMPAIGN ON NEXT WEEK

Canadian Leaders Will Begin Reciprocity
Speeches.

Ottawa, Ont., Aug. 2.—Owing to continued pressure brought to bear upon them by candidates for re-election to parliament the leaders of both parties decided to begin active campaigning early next week. Sir Wilfrid Laurier will make his first platform speech for ratification of the reciprocity agreement probably next Tuesday at St. Thomas, Ont.

Opposition Leader Borden probably the same day will begin in Ontario his fight against reciprocity and the return of the Laurier government. He is expected to speak at a big political picnic in the Toronto exhibition grounds. Mr. Borden will stump Ontario for three weeks and then will address meetings in Quebec and the maritime provinces. The premier will move in the same direction.

Washington, Aug. 2.—The tariff board is much put out at a recent statement from Ogden, Utah, attributed to W. C. Barnes, one of the board's special investigators, that sheep could be raised in the United States for \$1.50 a head.

After an investigation the board announced that Mr. Barnes denies making such a declaration and that the statement, whether made by Mr. Barnes or not, is inaccurate and unauthorized.

Board of Food and Drug Inspectors
Takes Testimony.

DECISION WILL COME LATER

Question of What Constitutes Amber

Fluid Still Undecided and Information Will Be Gathered From Chemists and Brewing Experts Before Opinion Is Rendered—Letter Written by Secretary Wilson Read Before Dr. Wiley's Assistants.

Washington, Aug. 2.—Dr. Harvey W. Wiley's board of food and drug inspection concluded its hearing on the question "What is beer?" and, still somewhat unenlightened, will continue to gather information from chemists and brewing experts before announcing a decision.

Some idea of the attitude of the authorities, however, toward the beers now sold may be derived from a letter written by Secretary Wilson of the department of agriculture, produced at the hearing by John R. Mauff of Chicago, representative of the National Consumers' league, as well as of the barley growers of Minnesota and Wisconsin, who insist on the superiority of their product over corn and other grains used. The letter was written Jan. 24, 1911, to S. D. Kump of Indianapolis, Ind., a barley dealer. Secretary Wilson says:

"I have just been interviewing our chemists and pure food experts along barley lines and it is in their minds and mine to reach something definite with regard to what beer is. We could require that beer made from anything else than barley should have a label showing its component parts; I think we can go that far. If we find that any beers injurious to the public health are being made we could declare them adulterants and stop the interstate trade in them.

"It seems to be a subject concerning which our people know less than almost anything else, but I have been urging inquiry into it; I am in sympathy with you along this line. Investigation will bring the facts and we will have investigation made."

Lawrence Maxwell of Cincinnati, former United States solicitor general and now representative of thousands of corn growers in the Middle West, protested against the movement to label specifically the beers made from products other than barley malt and hops. Asked by A. Slaughter of the Wisconsin state board of the American Society of Equity whether he would object to the labeling of all beers Mr. Maxwell declared that labels are unnecessary; that President Taft in his decision on "What is whiskey?" had laid down the rule that no liquor need be labeled as to its component parts.

TELLS OF RECEIVING BRIBE

Charles A. White Still Testifying in
Lorimer Case.

Washington, Aug. 2.—Charles A. White, the confessed bribe taker of the Illinois legislature, was on the witness stand before the senate Lorimer committee telling his tale of corruption and when the committee adjourned his story had not been completed.

White's testimony followed in outline that given at the first Lorimer investigation by the senate. Attorney Marble, for the committee, allowed the witness, however, to tell many details not mentioned in that hearing but published in White's so called confession in the Chicago Tribune.

Without flinching or qualification White told of being asked by Leo O'Neil Browne, minority leader in the legislature, to vote for Lorimer and of being told by Browne that there would be no "chicken feed in it, either."

He described in a wealth of detail the alleged payment to him by Browne of \$1,000 as "Lorimer money."

POPE CONQUERING ILLNESS

Physicians Say Plus' Indisposition
Due Chiefly to Heat.

Rome, Aug. 2.—The condition of Pope Plus, although not quite normal, is not alarming in the slightest degree. The weakness following the last indisposition of his holiness has been due chiefly to the exceptional heat.

The doctors assure Pope Plus that he is now on the way to a complete recovery and have advised him to continue the "rest cure" they have ordered. They believe that within a short time his holiness will be able to resume the ordinary routine of his life, as they say that he is getting stronger every day.

Shorthand Pioneer.

That the ancients were thoroughly conversant with shorthand is an undisputed fact. It subsequently became a lost art until revived or rediscovered toward the end of the sixteenth century. At this time there lived William Lawrence, who died in 1621 and was buried in the cloister of Westminster abbey. There the visitor may read his epitaph, which includes the

WOOL AND FREE LIST BILLS

If President Vetoes These Measures
House Managers Will Drop Tariff
Revision at This Session—If Either

Washington, Aug. 2.—If President Taft vetoes the farmers' free list bill and the wool tariff bill, both of which, it is asserted, will be sent to him, the Democratic managers of the house will make no further effort at tariff revision this session, but will continue the preparation of tariff bills for the regular session next December. If he signs either measure the whole tariff program of the Democrats will be opened up and congress will remain in session. Democratic Leader Underwood made this announcement.

Now the free list bill goes back to the house and Democratic Leader Underwood of that body confidently asserted that it will be finally agreed to in conference between the two houses and sent to President Taft.

It is not certain that the house will insist on a conference, for many prominent Democratic representatives, believing that the bill has not been materially changed, are urging that the house accept the senate bill without controversy and rush the first of the tariff measures up to the president for veto or approval.

"I think the bill will go to President Taft," said Leader Underwood. "I am not sure it will be sent to conference; I certainly see nothing to prevent the two houses from reaching an agreement upon its final form."

FREE LIST MEASURE PASSES

Democrats and Progressive Republicans Again Join Hands.

Washington, Aug. 2.—Combined in the same alliance that resulted in the passage of a compromise woolen tariff revision bill in the senate last week the Democrats and Republican insurgents of that body passed a compromise farmers' free list bill, 48 to 30. The original house bill first was defeated by a tie vote of 39 to 39 and then reoffered carrying an amendment by Senator Kern of Indiana.

As amended and finally adopted the bill differs but little from the original.

BEGINS MACHINERY PROBE

Inquiry Into Alleged Trust Started by
Federal Grand Jury.

Boston, Aug. 2.—The question whether there has been an unreasonable restraint of trade in the business of manufacturing shoe machinery, under the Sherman anti-trust act, was taken up at a special sitting of the grand jury of the United States circuit court, called at the request of Assistant Attorney General Gregg who has been investigating the United Shoe Machinery company of this city. It is expected that the investigation will not be concluded before September, as the federal authorities desire to obtain evidence from shoe manufacturers in different parts of the country.

PHOSPHORUS DOUBLES WHEAT

Yields Without Match in Annals of
Scientific Agriculture.

Urbana, Ill., Aug. 2.—The yield of wheat on an experiment field of the University of Illinois in McLean county has more than doubled in the past ten years, largely through the use of phosphorus as a fertilizer, according to returns from the threshers. The record is said to be without a precedent in the annals of scientific agriculture.

Ten plots, fertilized and unfertilized, have been watched since 1902. According to the rotation policy a wheat crop was raised in 1905. Another was raised this year.

The plot treated with lime and phosphorus showed the greatest increase.

The matter was left open.

Vote to End Coal Strike.

Winnipeg, Aug. 2.—The vote at the Fernie coal mining camp advising ending the strike. As there are 1,100 votes there it will largely determine the vote of the district. The vote was unanimous. Merchants of the various towns are feeling the effects of the strike and, with the press, are urging the miners to give in.

EXPERT ENGINEERS ON STAND

Assert That Ore Holdings and Coal Deposits Secured by the United States Steel Corporation in Exchange for \$29,000,000 in 5 Per Cent Bonds Have Valuation of \$200,000,000.

New York, Aug. 2.—That the ore and coal holdings acquired by the United States Steel corporation in the absorption of the Tennessee Coal and Iron company in 1907 have a valuation of \$200,000,000 was estimated from figures on the mineral holdings of the Tennessee company, given to the house of representatives committee on inquiry into the steel corporation by expert engineers.

In acquiring the Tennessee company the United States Steel corporation exchanged 5 per cent second bonds valued at \$29,000,000, the transaction having been brought about to prevent the collapse of the New York brokerage firm of Moore & Schley, because of excessive loans with Tennessee Coal and Iron stock as collateral. Since the beginning of the inquiry into that deal Representative Stanley and other members of the house committee have sought to develop evidence tending to prove charges that the impending panic and danger to Moore & Schley was not the prime motive for the merger, but that it was a desire of the steel corporation to acquire the Tennessee company and its vast mineral deposits of the Birmingham district.

In furtherance of that idea, notwithstanding the determined declarations of witness after witness who participated in the exchange that the suggestion of conspiracy was preposterous, the committee heard testimony of C. P. Perin, Walter Moore and W. M. Given, expert engineers, who appraised the deposits of the Birmingham fields in 1904.

These men declared that the ore deposits of that region and their proximity to coal deposits estimated at nearly two billion tons make that territory almost unparalleled from an ore producing standpoint. Ore royalties of 35 cents a ton on more than 400,000,000 tons in that region acquired by the steel corporation from the Tennessee company and coal deposits aggregating more than 1,600,000,000 tons were given by the experts as a basis upon which members of the committee compute that these properties alone are worth \$200,000,000.

BISHOP MALLALIEU IS DEAD

Probably Oldest Methodist Minister in Point of Service.

Auburndale, Mass., Aug. 2.—Rev. Dr. Willard Francis Mallalieu, bishop of the Methodist Episcopal church and probably oldest minister in point of years of service in the denomination, died at his home after a month's illness of old age and exhaustion. He was eighty-three years of age.

Bishop Mallalieu was one of the foremost figures in the Methodist denomination, taking an active part in general conferences, holding important position in the assignments of national committees, writing voluminously on religious and secular subjects and serving as trustee of many denominational institutions.

Bishop Mallalieu was graduated from Wesleyan university in 1857. He received the degree of D. D. from the East Tennessee Wesleyan university in 1874 and LL. D. from New Orleans university in 1891.

CHARGES AWAIT DUMAS CASE

Accusations Against Minnesota Sheriff Will Be Held.

St. Paul, Aug. 2.—Charges against Sheriff A. B. Hazen of Beltrami county will not be returned, nor will their investigation by the attorney general be rushed, but rather will they be held pending the outcome of the Dumas case, as originally planned by the attorney general, according to the decision announced to have been reached in a conference between Mr. Simpson, who started the rumpus, State Fire Marshal Keller and his assistant, Sam F. Fullerton, to whom he passed it on, and Ralph W. Wheelock, secretary to the governor.

What the Bull Couldn't Do.

Early in the legal career of Joseph H. Choate the future ambassador was opposed to a hot tempered attorney, who, in the heat of argument, shouted impudently at his young opponent, "Why, I can whip six like you!"

Choate looked at the other with profound contempt. "My father owned a bull," he said at length, "that was a wonder to fight. He could lick all the cattle in the neighborhood, and he did it too. But," concluded young Choate significantly, "he couldn't win a lawsuit."—Ladies' Home Journal.

FRANCIS B. HARRISON.

One of House Conferees on Wool Tariff Measure.

WOOL BILL TO CONFERENCE

House Refuses to Concur in Senate Amendments.

Washington, Aug. 2.—The house of representatives refused to concur in the amendments made in the senate to the wool bill previously passed in the house.

A conference was asked for and Speaker Clark named the following conferees: Representatives Underwood of Alabama, Randall of Texas and Harrison of New York, Democrats, and Payne of New York and Dalzell of Pennsylvania, Republicans.

The senate conferees, according to present indications, will include Senators Penrose and Culbuck, regular Republicans, Bailey and Simmons, Democrats, and La Follette, progressive Republican.

SETS ASIDE MILLION FOR WORTHY POOR

Will of Late Edward Rutledge Admitted to Probate.

Chippewa Falls, Wis., Aug. 2.—The will of the late Edward Rutledge, lumber baron, admitted to probate here, admits of personal property of a cash value of \$3,000,000, but does not disclose anything about the vast Western timber holdings of the late timber owner.

E. L. Ainsworth, secretary of the American Immigration company and for the past five years private secretary of the testator, and S. B. Nimmons, cashier of the Lumbermen's National bank of this city, are the executors of the estate and are not required to give any bond and can do as they please in handling the estate, making new investments or selling property without asking the court.

The millionaire made only one bequest in the will and that to Miss Belle Morse of this city, who is given \$20,000. She is a niece of his wife, who died last October.

Then he sets aside \$1,000,000 as a trust fund, the proceeds to be used for charitable purposes.

The residue of the estate will go equally to a dozen nieces and nephews of the testator, the children of his deceased brothers and sisters.

Edward Rutledge set aside \$200,000 for a Hannah M. Rutledge home for the aged, to be built here to the memory of his wife, and the income from the \$1,000,000 trust fund will maintain it.

WAR ON SHORT MEASURE

Iowa Commissioner Starts on Vigorous Crusade.

Des Moines, Aug. 2.—A statewide crusade against short measures was announced by W. B. Barney, state dairy and food commissioner, following a conference with Attorney General George Cosson. The last legislature made it the duty of the commissioner to enforce the weights and measures law.

The first step of the commissioner will be to instruct the department inspectors to make an immediate test of measures and scales in all food handling shops.

Housewives and "ultimate consumers" all over the state will be advised to purchase scales and see that hereafter potatoes, apples and the like are purchased by weight instead of by measure.

WILL BE SIGNED THURSDAY

Arbitration Agreements With France and England Finished.

Washington, Aug. 2.—The general arbitration treaties between the United States and Great Britain and the United States and France will be signed at 3 p. m. Thursday in President Taft's office at the White House. Ambassador Bryce will sign the British treaty jointly with Secretary of State Knox and the French treaty, after it is signed by Secretary Knox, will be dispatched by special messenger to Paris to exchange for the one bearing the signature of French Minister of Foreign Affairs Selves.

TWO SIGNIFICANT ELECTIONS SOON

Politicians Watching Kentucky and Massachusetts.

WILL SHOW VOTERS' TREND.

Governors of Both Commonwealths Are Possible Candidates For the Vice Presidency—Senators and Representatives Are Eager to Adjourn and Leave Washington.

By ARTHUR W. DUNN.

Washington, Aug. 2.—[Special.]—Two state elections this fall are expected to have considerable significance, although it would be easy to predict the result in both states next year as to president. Massachusetts will elect a governor and so will Kentucky. Kentucky, seemingly a sure Democratic state, now has a Republican governor, and Massachusetts, always a Republican state in presidential years, has a Democratic governor.

The vote in both states will be somewhat significant as showing the trend of politics. Foss of Massachusetts is a vice presidential possibility, and if he carries the state by a good majority another time he will be in the presidential class. Governor Wilson will be considered as a vice presidential possibility on the Taft ticket if he is again elected in Kentucky.

Want to Get Away.

While there is a lot of talk about "sticking to our duty and legislating for the people," there are mighty few members who are not sick of congress and want to get away. Speaker Clark decries the adjournment fever and says it is the duty of the Democrats to stay here and legislate. This is pretty good for Champ, for he is losing a thousand dollars a week that he might be making on the lecture circuit.

In the senate the desire to adjourn is greater than in the house, which would be shown if a secret poll could be taken. But duty drives them on and until there is a good excuse to adjourn the senators and representatives must stay on and legislate or try to do so.

Investigations Will Lag.

As soon as congress adjourns the investigations that have been going on will practically cease. Members of committees conducting them are willing to keep going as long as they have to stay in Washington, but they will not remain just for that purpose after the adjournment. Of course a few committees may continue, especially those that move about from place to place and take testimony, but it is believed that nearly all committees of inquiry will adjourn with congress.

Distinguished Fort Dodge.

The congressional directory, the guide of faith for the national capital, shows that one man in congress was born in Fort Dodge, Ia. Years ago this distinguished place was a frontier military post on the Des Moines river. Later it was the home of Senator Doolittle and is now the home of Senator Kenyon.

Steven R. Ayres, representing the Eighteenth district of New York, the Bronx, is a native of Fort Dodge, having been born there in 1861. His parents must have been pioneers. Since he came to congress and the election of Senator Kenyon to the senate Ayres and the Iowa senator have become very great friends. Ayres likes to hear about his old home, and Kenyon has a liking for the active representative of the Bronx district.

An Ohio Object Lesson.

There is doubt expressed whether the congressmen who were making a trip down the Ohio river were held up on a sand bar by accident or design. They have been grieved about it, but it all may have been an object lesson by which the navigation interests wanted to convince the men who prepare river and harbor bills of the necessity of making ample appropriations for the Ohio river.

Capitol Restaurants.

Both the senate and house maintain restaurants for the accommodation of senators and representatives, the capitol employees and visitors who may be at the big building about lunch time. That neither of these eating places is good has been well known for years. It seems to be impossible to make them meet the requirements of midday meals. Heavy foods, not prepared with care corresponding to the prices, prevail to a large extent. It is impossible for people to get a light luncheon of a dainty character. Many men leave the capitol and seek their luncheons at eating places near the capitol grounds. In the matter of official restaurants the Canadian parliament has Washington beaten out of sight.

Dislikes Police Court Methods.

If Senator Oliver of Pennsylvania can have his way he is going to stop the police court methods of debate in the senate. The idea of running colloquies of interminable length without accomplishing any purpose is objectionable to Oliver. He has established a precedent and a ruling to the effect that no senator can yield the floor to any one except for a question, and he intends to enforce that rule when he is in the senate.

Radium.

Radium casts a glow that gives a violet tinge to glass and porcelain and a yellow hue to pure white paper.

JAMES K. VARDAMAN.

Has Slight Lead in Mississippi Senatorial Primary.

VARDAMAN LEADS IN RACE

Ahead in Democratic Senatorial Primary in Mississippi.

Jackson, Miss., Aug. 2.—Former Governor James K. Vardaman probably will be the next United States senator from Mississippi. Meager returns from the Democratic primary election show he is leading Senator Leroy Percy and C. H. Alexander at a ratio of about 46 per cent. In the more remote rural districts it is reasonably predicted that this ratio will be sufficiently increased as to give Vardaman a small majority over both his opponents.

RAILROADS INTEND INCREASING RATES

Officers of Transcontinental Lines to Meet Aug. 7.

Chicago, Aug. 2.—A step by which transcontinental railroads hope to offset the recent reduction in commodity rates to Western points ordered by the interstate commerce commission is expected to be taken at a meeting of the traffic and executive officers of all transcontinental lines to be held here Aug. 7.

The plan under consideration by the railroad men comprises the abandonment of the present method of meeting water competition on the Pacific coast, so far as the class rate business is concerned, and a substantial increase in rates.

Class rates were not involved in the intermountain case and as they cover only high grade commodities the railroads are said to feel there is not imperative need of meeting competition of the water carriers.

PEAVEYS SELL ELEVATORS

Part of General Liquidation of Grain Company.

Minneapolis, Aug. 2.—F. B. Wells, vice president of F. H. Peavey & Co. of Minneapolis, returned from Chicago, where he was engaged in conferences with reference to the Peavey Grain company. Mr. Wells announced the sale of the company's grain elevators in South Chicago, saying it was a part of the general liquidation of the business. "The elevators have been for sale for some time," said Mr. Wells.

With regard to the report of the creditors' committee in connection with F. H. Peavey & Co., showing the latter company to have borne well the losses sustained because of the failure of the Chicago firm, Mr. Wells said:

"Things are just as we said they were. Assets of \$5,500,000 as security for collateral notes should be sufficient guarantee against an indebtedness of \$2,000,000."

WOMAN IN CHARGE OF MINTS

Highest Paid Female on Government Payroll.

Washington, Aug. 2.—A woman is now in actual charge of the mints of the United States. Miss Margaret Kelly, long connected with the mint bureau, was appointed examiner, in which position she will be next in authority to George E. Roberts, the director. Mr. Roberts at present is out of town and will not be back for several weeks.

Miss Kelly's salary will be \$3,000 a year, making her the highest paid woman in the government service.

Would Extend Settlers' Aid.

Washington, Aug. 2.—Senator Crawford of South Dakota has introduced a bill in the senate for the relief of homesteaders in the Rosebud, Cheyenne and Standing Rock reservations, similar to that of Representative Burke. The house committee on public lands, which favorably reported Representative Burke's bill, eliminated Cheyenne and Standing Rock.

Women Assault Editor.

Danville, Ill., Aug. 2.—Frank H. Guthneek, editor of the Record, published at Westville, was mobbed by women who were enraged over references made to them and their daughters in his paper. After the editor's spectacles had been smashed he drew a revolver and by threatening to shoot escaped to the home of a friend.

BEER HEARING IS CONCLUDED

CAMPAIGN ON NEXT WEEK

Canadian Leaders Will Begin Reciprocity Speeches.

Ottawa, Ont., Aug. 2.—Owing to continued pressure brought to bear upon them by candidates for re-election to parliament the leaders of both parties decided to begin active campaigning early next week. Sir Wilfrid Laurier will make his first platform speech for ratification of the reciprocity agreement probably next Tuesday at St. Thomas, Ont.

Opposition Leader Borden probably the same day will begin in Ontario his fight against reciprocity and the return of the Laurier government. He is expected to speak at a big political picnic in the Toronto exhibition grounds. Mr. Borden will stump Ontario for three weeks and then will address meetings in Quebec and the maritime provinces. The premier will move in the same direction.

TARIFF BOARD IS PEEVED

Alleged Statement of Employee Said to Be Without Foundation.

Washington, Aug. 2.—The tariff board is much put out at a recent statement from Ogden, Utah, attributed to W. C. Barnes, one of the board's special investigators, that sheep could be raised in the United States for \$1.50 a head.

After an investigation the board announced that Mr. Barnes denies making such a declaration and that the statement, whether made by Mr. Barnes or not, is inaccurate and unauthorized.

BOAT UPSETS; SEVEN DROWN

Seventy-five Passengers Thrown Into River.

Massena, N. Y., Aug. 2.—Seven persons were drowned in the St. Lawrence river when the ferry steamer Sirius struck a shoal eight miles below this city, capsized and hurled its seventy-five passengers into the river. Four bodies have been recovered.

Board of Food and Drug Inspectors Takes Testimony.

DECISION WILL COME LATER

Question of What Constitutes Amber Fluid Still Undecided and Information Will Be Gathered From Chemists and Brewing Experts Before Opinion Is Rendered—Letter Written by Secretary Wilson Read Before Dr. Wiley's Assistants.

Washington, Aug. 2.—Dr. Harvey W. Wiley's board of food and drug inspection concluded its hearing on the question "What is beer?" and, still somewhat unenlightened, will continue to gather information from chemists and brewing experts before announcing a decision.

Some idea of the attitude of the authorities, however, toward the beers now sold may be derived from a letter written by Secretary Wilson of the department of agriculture, produced at the hearing by John R. Mauff of Chicago, representative of the National Consumers' league, as well as of the barley growers of Minnesota and Wisconsin, who insist on the superiority of their product over corn and other grains used. The letter was written Jan. 24, 1911, to S. D. Kump of Indianapolis, Ind., a barley dealer. Secretary Wilson says:

"I have just been interviewing our chemists and pure food experts along barley lines and it is in their minds and mine to reach something definite with regard to what beer is. We could require that beer made from anything else than barley should have a label showing its component parts; I think we can go that far. If we find that any beers injurious to the public health are being made we could declare them adulterated and stop the interstate trade in them."

"It seems to be a subject concerning which our people know less than almost anything else, but I have been urging inquiry into it; I am in sympathy with you along this line. Investigation will bring the facts and we will have investigation made."

Lawrence Maxwell of Cincinnati, former United States solicitor general and now representative of thousands of corn growers in the Middle West, protested against the movement to label specifically the beers made from products other than barley malt and hops. Asked by A. Slaughter of the Wisconsin state board of the American Society of Equity whether he would object to the labeling of all beers Mr. Maxwell declared that labels are unnecessary; that President Taft in his decision on "What is whisky?" had laid down the rule that no liquor need be

A Famous War Horse.

Bucephalus, the charger that carried Alexander the Great through all his campaigns, received his name from the fact that, although white, he had a black mark resembling an ox's head on his forehead. A Thessalonian had offered the horse for sale to Philip of Macedon, but as none of the monarch's attendants could manage him the king ordered his owner to take him away. Alexander, who was present, expressed his regret at losing so fine an animal, and Philip replied that he would buy the horse if his son could ride him. The offer was accepted by Alexander, who succeeded in the attempt. Bucephalus would never suffer any other person to mount him.

STREETS LIGHTED THURSDAY NIGHT

Fifty Luminous Arc Lights are Promised to Illuminate Residence Sections

WILL BE GIVEN FAIR TRIAL

If Satisfactory 18 More Will be Purchased to Give City Former Quota of Lights

Street lights have been promised the city Thursday night and if they do make their appearance something akin to a civic celebration or water carnival would be arranged to properly celebrate the much wanted, long deferred, much heralded event.

Fifty luminous arc lights, suspended from wires stretched between poles and placed at various street intersections will sputter and light up the circumambient atmosphere tomorrow night—if nothing goes wrong.

This first purchase was 50 lights and if these prove satisfactory 18 more, it is said, will be installed and this will bring the quota of lights up to the old figure, 68, which the city enjoyed when it had its own plant.

BAND CONCERT TONIGHT

Brainerd City Band Will Play at Depot Park This Evening Rendering Fine Program

The Brainerd City band will give its regular weekly program concert this evening at the bandstand in the depot park.

The program to be rendered embraces a selection of the latest music. Especially pleasing is the senenade, "Amina," by Paul Lincke. Kremer's popular melodies embrace many of the season's hits. Commencing at 8:15 the band will play:

1. March—"Selected."
2. Overture, "Vanessa"—St. Clair
3. Characteristic, "When You're in Town"—(New)
4. Waltzes, "At the Matinee"—Howe.
5. Senenata, "Amina"—Paul Lincke.
6. Kremer's Popular Melodies—Weldon. Consisting of the season's hits.
7. March, "America Forever"—Sousa.

A Slap at Miss Keeter

When the summer sky is azure blue when your heart is light and your love is true, when your sole idea of a joyous lark is a slender waist in a spot quite dark; when you have the place the girl and that and you're sitting there for a quiet chat, can you recall in your young life of such anger deep, or a wrath so ripe when with a fearful ire your arms you fling to anticipate the mosquitoes sting? When you scratch and thrash and slap and swear, and you claw and slash and he's not there. If you want relief invest a quarter, and Skeeter Skoot will complete the slaughter.—Audyard Dipping.

Don't get stung! See! The Skeeter skoot. Johnson's Pharmacy. eod-2w

POPULAR PEOPLE LEAVE

Government Inspector aned Mrs. A. B. Rider Leave for Sioux Falls, S. D.

Government Inspector and Mrs. A. B. Rider left this afternoon for Sioux Falls, S. D. where Mr. Rider superintends the construction of a large addition to a government building. Mr. Rider had supervision over the construction of the new postoffice in Brainerd, and did most excellent work here, being a careful and conscientious official.

Mrs. Rider endeared herself to many by her interested efforts in church work and distinguished herself especially at Brainerd's first tag day when she gathered many contributions. They have been in Brainerd about a year and during their stay made many friends who will regret to see them leave.

Do not allow your kidney and bladder trouble to develop beyond the reach of medicine. Take Foley Kidney Pills. They give quick results and stop irregularities with surprising promptness. For sale by all druggists. mwf

TWO GAMES WITH INDIANS

Walker Reservation Indians Will Play Brainerd on Sunday and Monday

The management of the Brainerd City team has arranged two games with the Walker reservation Indians which will be played, one on Sunday afternoon, August 6, and one on Monday evening, August 7.

Ed. Rogers, the one-time star football player of Minnesota university, will captain the team of redskins. The line-up, it is said, will be as follows:

Hole-in-the-Day—catcher. Afriad-of-a-Bear—left field. Big-Little-Boy—right field. Always-Late-for-Dinner—center field.

Chief Heckelfinger—short stop.

Potlatch-Wawa—pitcher.

Skookum-Tenaa—second base.

Ed. Rogers—first base.

Bungo Bill—third base.

The Indians are said to do a war dance every time one of their number makes an error. When an Indian makes a home run there is a regular blue berry revolution of a time. These side features alone are worth the price of admission to the games. No one should miss the big games. Children and ladies will be especially interested.

A PLEASANT VACATION

Rev. Karl A. Lundin and Family Visited Aitkin, Mille Lacs Lake, Opstead, Etc.

Rev. Karl A. Lundin and family have returned from a lengthy vacation which embraced a visit by all at Duluth and by the pastor at Aitkin, Mille Lacs lake, Opstead, Isle, Knife Lake, Comfort, Brunswick, and Grass Lake. Rev. Lundin was for several years pastor of the churches at Brunswick and Grass Lake and also at one time, filled the pulpit of the First Swedish Baptist church for seven years at Duluth. He has also been a missionary in northeastern Minnesota. This gives him a wide acquaintance and many friends throughout Minnesota.

MUSIC AND DRAMA

At the Grand

Lloyd Wagner and Lottie Diggs are the comedy sketch artists at the Grand who present their sketch entitled "Jealousy," introducing high class musical numbers and "that singing dog." Grand theatre goesers were well pleased with this number and tonight will be the last time to see them as the bill is changed on Thursday evening.

The motion pictures include "Jim and Joe," a tale with the setting of the sea and "Madeline's Rebellion," a very interesting and well played comedy. Mr. Al. Mraz sings "In My Dreams of You." Piano selections are played by Miss Hazel Treglawny. The house has had good audiences this week.

At the Empress

"Semiramis" is the masterpiece in colored film pictures which has created a furore at the Empress and caused the house to be filled at every performance. Tonight is the last night to see this great series of scenes of old Babylon, its beautiful hanging gardens, its queen and her wonderful reign and the destruction in the end. It is said to have cost Pathe, of Paris, France, \$75,000 to stage and produce this tale of oriental splendor and barbaric magnificence.

Two comedy pictures, "Heroes Three" and "Mistakes Will Happen" will be shown tonight. "Lost and Won" is a romance of the California oil fields and shows a big oil gusher at work.

"The Missouri Girl"

Of all the attractions which have visited us in the past decade, none is more popular with the theatre-going public than that quaint and always welcome, pretty domestic comedy, "The Missouri Girl." Its author and manager, Mr. Fred Raymond, feels justly proud of its unbounded success as a work of dramatic art, years of popular favor, and wonderful drawing powers. It is a faithful picture of American country life, with a healthful and invigorating atmosphere. In the construction of this truly successful play Mr. Raymond has given to the American stage two character delineations, "Zeke" and "Daisy," which stand alone as laugh producers, and one wonders at the unadulterated simplicity which characterizes those two excruciatingly funny creations; but the play has also its serious side of life, which brings into action an exceptionally strong company of artists. "The Missouri Girl" is remarkable for the attention which is given to the details in the elaborate settings and accessories giving the play a most realistic effect. During the action of the play novel musical numbers, songs and dances are introduced. The oftener the public see "The Missouri Girl," the oftener they want to see it. It is undoubtedly the greatest self-advertising play on the American stage today. That is the reason why it has been seen by millions of the theatre-goers during its years before the public. It pleases; hence its unprecedented success: "The Missouri Girl" will be at the Brainerd opera house Tuesday, August 8. Prices 25c, 50c, 75c and \$1.00.

OPENING OF NATATORIUM

Ridley's Natatorium and Gymnasium Opened to the Public on Tuesday Evening

50 MEN SPLASHED IN THE TANK

Basement Equipped With Turkish and Ladies Bath Rooms, Lockers and Rest Rooms

George A. Ridley's natatorium and gymnasium at 512 Front street was opened to the public last night and a large crowd was present. Fifty young men took advantage of the opportunity to enjoy a dive into and a swim in the big tank.

The swimming tank is situated in the rear end of the building and is built solidly of cement and measures about 25 by 45 feet. Its depth near the alley is three feet, and from there to its northern end it is graduated to 8½ feet. Ritari Brothers constructed the swimming pool and from the test given last night it proved entirely satisfactory. No leaks were sprung and its smooth surface offered no obstructions to the swimmer's toes. White cement was used as a finishing coat.

A spring board was placed at the end of the tank and it was a pretty sight to see the many athletic young men take a run and rop gracefully into the water. Above the pool are ten rings and a flying trapeze and many swung from these and dropped into the water. The splashing and noise was terrific but every one enjoyed it. It resembled old days in the swimming pool when one was "playing hooky."

The building is well illuminated with electric lights. The natatorium ceiling has two large skylights which admit a perfect flood of light. The room is painted white and this also serves to brighten up things.

The gymnasium on the main floor near the street entrance is equipped with punching bags, Indian clubs and other paraphernalia. More will be added from time to time. A lattice work partition divides this room from the entrance lobby.

In the basement are found the Turkish bath rooms, slabs on which a person is rubbed down, ladies bath room, shower baths, and the many rest rooms where one may lie down after a Turkish or other bath. Three dozen lockers offer places to keep one's clothing or other effects. A large boiler supplies the hot water for the swimming tank and the baths.

A new feature introduced is the bake oven for the treatment of rheumatic diseases and it is being well patronized. In a short time Mr. Ridley will announce his program outlining the hours for gymnasium classes of ladies and of gentlemen, the bathing hours of each and other required information. There will be days for the ladies when lady attendants will be in charge.

Foley Kidney Pills will check the progress of your kidney and bladder trouble and heal by removing the cause. Try them. For sale at all druggists. mwf

GET YOUR BOX NUMBERS

People Owning Lock Boxes at the Postoffice Will Have an Opportunity to Select New Ones

Postmaster Ingersoll announces that those who desire will be given an opportunity to select their new boxes at the government building on Thursday afternoon between the hours of 3 and 5 o'clock and at the same time on Friday. This opportunity is given in order to avoid as much confusion as possible at the time of moving and to enable the postoffice employees to label the boxes and to a certain extent familiarize themselves with the same. Those who have lock boxes at the old postoffice are asked to make their selections and the changes will be made, this being necessary because the numbers are different on the two outfits. New renters will also be accommodated on these two "bargain days" as no one is barred from owning a post box in Uncle Sam's postoffice. The lobby will be used on the days and hours named above for the transaction of this business.

Loss of Time Means Loss of Pay

Kidney trouble and the ills it breeds means lost time and lost pay to many a working man. M. Balent, 1214 Little Penna St., Streator, Ill., was so bad from kidney and bladder trouble that he could not work, but he says: "I took Foley's Kidney Pills for only a short time and got entirely well and was soon able to go back to work, and am feeling well and healthier than before." Foley's Kidney Pills are tonic in action, quick in results—a good friend to the working man or woman who suffers from kidney ills. For sale by all druggists. mwf

Proceeding of the Board of County Commissioners, Meeting Held August 1st, 1911

Meeting called to order at 10 o'clock a. m.

All members present.

Minutes of meeting July 10th, also adjourned meeting of July 17th and the proceedings of the board of equalization were read and duly approved.

The president of the village council of Deerwood, reported two women at that place in destitute circumstances. Commissioner Edquist was directed to see what could be done in the matter.

A motion was made and duly carried to reconsider the action of the commissioners on July 10th, in rejecting the bid of Thomas & Anderson for widening out the two miles of grade on state highway No. 2 in sections 29 and 30, Nokay Lake town. A motion then prevailed that they be awarded the contract at the price named in conjunction with the job already let to them in section 25 of Oak Lawn adjoining this piece of work. Mr. Krech voting no on the latter proposition.

Petition of Louis Wahl to be set off with his lands, viz: the SE¼ of SW¼ and the S½ of SE¼, Sec. 34, township 44, range 29 from school district No. 38 to district No. 77, and also the petition of August Imm to be set off with his lands, viz: lots 3 and 4 and the W½ NW¼, section 30, township 43, range 28, from district No. 78 to district No. 77, were both presented to the board. Upon motion the petitions were accepted and a hearing ordered upon the same before the board at the next meeting, September 5th, 1911, at 2 o'clock p. m.

Meeting adjourned until 2 o'clock p. m.

All members present.

The following proposals for the bridge across the Mississippi river at Brainerd were opened, each bidder submitting his own plan:

Security Bridge Co., plan "A", \$44,600.

Security Bridge Co., plan "B", \$43,400.

Hennepin Bridge Co., \$45,900.

Continental Bridge Co., \$48,000.

Minneapolis Steel & Mach. Co., \$49,400.

Great Northern Bridge Co., \$48,900.

A. Y. Bayne & Co., \$46,730.

The plans varied some what in weight of material used and other details and each bidder was present and explained his plan at some length. The board considered the plans of the Security Bridge Co. to be the best bridge for the money and a motion was made and carried to reject all bids except these and to defer action upon the latter until the next meeting, September 5th, during which time the plans should be submitted to the state engineer for approval.

R. R. Wise reported certain culverts in sections 28 and 29 in township 134, range 28 to be out of repair, and upon motion \$50.00 was set aside from the road and bridge fund to fix the same under and bridge rection of Commissioner Krech.

The question of the town line road between Maple Grove and Garrison was again discussed, the entire board having made an examination of the ground. A motion was made and carried that the petition be granted and the road established and that the benefits to all adjoining owners to adjudged equal to the damage. All commissioners voting aye except Commissioner Krech.

Petition of J. M. Elder and others for a new road leading west from the present Gull lake road on the town line between Smiley and township 134, range 29 to the shore of Gull lake as read. Upon motion the petition was accepted and a hearing ordered before the board September 5th, 1911, at 2 o'clock p. m. and Commissioner Krech was appointed a committee to inspect the route of the proposed road on Friday, September 1st, 1911, at 10 o'clock a. m.

Plot of the First Addition to Barrows was presented and on motion duly approved and ordered filed with the register of deeds.

Commissioner Poppenberg moved to rescind the resolution adopted by the board on July 18th, to the effect that no more liquor licenses should be granted by the board. Commissioner Kelnow seconded the motion and it was carried. Commissioners Edquist and Erickson voted no.

The application of John D. Gile for liquor license at Barrows was then taken up and upon motion the same was granted, all voting aye except Mr. Erickson.

The report of Engineer Garrison making final acceptance of the concrete bridge across Mission Creek was approved and the Security Bridge company ordered to be paid \$740.00 in full of the contract.

The county surveyor reported that he had made an examination of the two routes suggested for state highway leading west from Brainerd. On the whole he considered the route south of the railroad to be the most feasible with a better chance to get good material than on the north side. Application of the town of Sibley for road money was received and placed on file.

STREETS LIGHTED THURSDAY NIGHT

Fifty Luminous Arc Lights are Promised to Illuminate Residence Sections

WILL BE GIVEN FAIR TRIAL

If Satisfactory 18 More Will be Purchased to Give City Former Quota of Lights

Street lights have been promised the city Thursday night and if they do make their appearance something akin to a civic celebration or water carnival should be arranged to properly celebrate the much wanted, long deferred, much heralded event.

Fifty luminous arc lights, suspended from wires stretched between poles and placed at various street intersections will sputter and light up the circumambient atmosphere tomorrow night—if nothing goes wrong.

This first purchase was 50 lights and if these prove satisfactory 18 more, it is said, will be installed and this will bring the quota of lights up to the old figure, 68, which the city enjoyed when it had its own plant.

BAND CONCERT TONIGHT

Brainerd City Band Will Play at Depot Park This Evening Rendering Fine Program

The Brainerd City band will give its regular weekly program concert this evening at the bandstand in the depot park.

The program to be rendered embraces a selection of the latest music. Especially pleasing is the senenade, "Amina," by Paul Lincke. Kremer's popular melodies embrace many of the season's hits. Commencing at 8:15 the band will play:

1. March—Selected.
2. Overture, "Vanessa"—St. Clair
3. Characteristic, "When You're in Town"—(New)
4. Waltzes, "At the Matinee"—Howe.
5. Senenata, "Amina"—Paul Lincke.
6. Kremer's Popular Melodies—Weldon. Consisting of the season's hits.
7. March, "America Forever"—Sousa.

A Slap at Miss Keeter

When the summer sky is azure blue when your heart is light and your love is true, when your sole idea of a joyous lark is a slender waist in a spot quite dark; when you have the place the girl and that and you're sitting there for a quiet chat, can you recall in your young life of such anger deep, or a wrath so rife when with a fearful ire your arms you fling to anticipate the mosquitoes sting? When you scratch and thrash and slap and swear, and you claw and slash and he's not there. If you want relief invest a quarter, and Skeeter Skoot will complete the slaughter.—Audyard Dipping.

POPULAR PEOPLE LEAVE

Government Inspector and Mrs. A. B. Rider Leave for Sioux Falls, S. D.

Government Inspector and Mrs. A. B. Rider left this afternoon for Sioux Falls, S. D. where Mr. Rider superintends the construction of a large addition to a government building. Mr. Rider had supervision over the construction of the new postoffice in Brainerd, and did most excellent work here, being a careful and conscientious official.

Mrs. Rider endeared herself to many by her interested efforts in church work and distinguished herself especially at Brainerd's first tag day when she gathered many contributions. They have been in Brainerd about a year and during their stay made many friends who will regret to see them leave.

Do not allow your kidney and bladder trouble to develop beyond the reach of medicine. Take Foley Kidney Pills. They give quick results and stop irregularities with surprising promptness. For sale by all druggists. mwf

TWO GAMES WITH INDIANS

Walker Reservation Indians Will Play Brainerd on Sunday and Monday

The management of the Brainerd City team has arranged two games with the Walker reservation Indians which will be played, one on Sunday afternoon, August 6, and one on Monday evening, August 7.

Ed. Rogers, the one-time star football player of Minnesota university, will captain the team of redskins. The line-up, it is said, will be as follows:

Hole-in-the-Day—catcher. Afriad-of-a-Bear—left field. Big-Little-Boy—right field. Always-Late-for-Dinner—center field.

Chief Heckelfinger—short stop. Potlatch-Wawa—pitcher.

Skookum-Tenaas—second base. Ed. Rogers—first base.

Bungo Bill—third base.

The Indians are said to do a war dance every time one of their number makes an error. When an Indian makes a home run there is a regular blue berry revolution of a time. These side features alone are worth the price of admission to the games. No one should miss the big games. Children and ladies will be especially interested.

A PLEASANT VACATION

Rev. Karl A. Lundin and Family Visited Aitkin, Mille Lacs Lake, Opstead, Etc.

Rev. Karl A. Lundin and family have returned from a lengthy vacation which embraced a visit by all at Duluth and by the pastor at Aitkin, Mille Lacs Lake, Opstead, Isle, Knife Lake, Comfort, Brunswick, and Grass Lake. Rev. Lundin was for several years pastor of the churches at Brunswick and Grass Lake and also at one time, filled the pulpit of the First Swedish Baptist church for seven years at Duluth. He has also been a missionary in northeastern Minnesota. This gives him a wide acquaintance and many friends throughout Minnesota.

MUSIC AND DRAMA

At the Grand

Lloyd Wagner and Lottie Diggs are the comedy sketch artists at the Grand who present their sketch entitled "Jealousy," introducing high class musical numbers and "that singing dog." Grand theatre goesers were well pleased with this number and tonight will be the last time to see them as the bill is changed on Thursday evening.

The motion pictures include "Jim and Joe," a tale with the setting of the sea and "Madeline's Rebellion," a very interesting and well played comedy. Mr. Al. Mraz sings "In My Dreams of You." Piano selections are played by Miss Hazel Treglawny. The house has had good audiences this week.

At the Empress

"Semiramis" is the masterpiece in colored film pictures which has created a furore at the Empress and caused the house to be filled at every performance. Tonight is the last night to see this great series of scenes of old Babylon, its beautiful hanging gardens, its queen and her wonderful reign and the destruction in the end. It is said to have cost Pathe, of Paris, France, \$75,000 to stage and produce this tale of oriental splendor and barbaric magnificence.

Two comedy pictures, "Heroes Three" and "Mistakes Will Happen" cause much laughter. "Lost and Won" is a romance of the California oil fields and shows a big oil gusher at work.

"The Missouri Girl"

Of all the attractions which have visited us in the past decade, none is more popular with the theatre-going public than that quaint and always welcome, pretty domestic comedy, "The Missouri Girl." Its author and manager, Mr. Fred Raymond, feels justly proud of its unbounded success as a work of dramatic art, years of popular favor, and wonderful drawing powers. It is a faithful picture of American country life, with a healthful and invigorating atmosphere. In the construction of this truly successful play Mr. Raymond has given to the American stage two character delineations, "Zeke" and "Daisy," which stand alone as laugh producers, and one wonders at the unadulterated simplicity which characterizes those two excruciatingly funny creations; but the play has also its serious side of life, which brings into action an exceptionally strong company of artists. "The Missouri Girl" is remarkable for the attention which is given to the details in the elaborate settings and accessories giving the play a most realistic effect. During the action of the play novel musical numbers, songs and dances are introduced. The oftener the public see "The Missouri Girl," the oftener they want to see it. It is undoubtedly the greatest self-advertising play on the American stage today. That is the reason why it has been seen by millions of the theatre-goers during its years before the public. It pleases; hence its unprecedented success. "The Missouri Girl" will be at the Brainerd opera house Tuesday, August 8. Prices 25c, 50c, 75c and \$1.00.

OPENING OF NATATORIUM

Ridley's Natatorium and Gymnasium Opened to the Public on Tuesday Evening

50 MEN SPLASHED IN THE TANK

Basement Equipped With Turkish and Ladies Bath Rooms, Lockers and Rest Rooms

George A. Ridley's natatorium and gymnasium at 512 Front street was opened to the public last night and a large crowd was present. Fifty young men took advantage of the opportunity to enjoy a dive into and a swim in the big tank.

The swimming tank is situated in the rear end of the building and is built solidly of cement and measures about 25 by 45 feet. Its depth near the alley is three feet, and from there to its northern end it is graduated to 8½ feet. Ritari Brothers constructed the swimming pool and from the test given last night it proved entirely satisfactory. No leaks were sprung and its smooth surface offered no obstructions to the swimmer's toes. White cement was used as a finishing coat.

A spring board was placed at the end of the tank and it was a pretty sight to see the many athletic young men take a run and rop gracefully into the water. Above the pool are ten rings and a flying trapeze and many swung from these and dropped into the water. The splashing and noise was terrific but every one enjoyed it. It resembled old days in the swimming pool when one was "playing hooky."

The building is well illuminated with electric lights. The natatorium ceiling has two large skylights which admit a perfect flood of light. The room is painted white and this also serves to brighten up things.

The gymnasium on the main floor near the street entrance is equipped with punching bags, Indian clubs and other paraphernalia. More will be added from time to time. A lattice work partition divides this room from the entrance lobby.

In the basement are found the Turkish bath rooms, slabs on which a person is rubbed down, ladies bath room, shower baths, and the many rest rooms where one may lie down after a Turkish or other bath. Three dozen lockers offer places to keep ones clothing or other effects. A large boiler supplies the hot water for the swimming tank and the baths.

A new feature introduced is the bake oven for the treatment of rheumatic diseases and it is being well patronized. In a short time Mr. Ridley will announce his program outlining the hours for gymnasium classes of ladies and of gentlemen, the bathing hours of each and other required information. There will be days for the ladies when lady attendants will be in charge.

GET YOUR BOX NUMBERS

People Owning Lock Boxes at the Postoffice Will Have an Opportunity to Select New Ones

Postmaster Ingersoll announces that those who desire will be given an opportunity to select their new boxes at the government building on Thursday afternoon between the hours of 3 and 5 o'clock and at the same time on Friday. This opportunity is given in order to avoid as much confusion as possible at the time of moving and to enable the postoffice employees to label the boxes and to a certain extent familiarize themselves with the same. Those who have lock boxes at the old postoffice are asked to make their selections and the changes will be made, this being necessary because the numbers are different on the two outfits. New renters will also be accommodated on these two "bargain days" as no one is barred from owning a post box in Uncle Sam's postoffice. The lobby will be used on the days and hours named above for the transaction of this business.

Loss of Time Means Loss of Pay

Kidney trouble and the ills it breeds means lost time and lost pay to many a working man. M. Balent, 1214 Little Penna St., Streater, Ill., was so bad from kidney and bladder trouble that he could not work, but he says: "I took Foley's Kidney Pills for only a short time and got entirely well and was soon able to go back to work, and am feeling well and healthier than before." Foley Kidney Pills are tonic in action, quick in results—a good friend to the working man or woman who suffers from kidney ills. For sale by all druggists. mwf

SINCLAIR IS SENT TO JAIL

Single Taxers Get Eighteen Hours for Playing Tennis on Sunday.

Wilmington, Del., Aug. 2.—At a hearing here Upton Sinclair, the author, and ten other members of the single tax colony at Arden, Del., near here, pleaded guilty of violating the Sunday laws by playing tennis and baseball and, refusing to pay fines, were each sentenced to eighteen hours' imprisonment in the New Castle county workhouse.

Sinclair, who was charged with playing tennis on Sunday, was fined \$4 and costs.

He Proved It.

Down Fresno way lived a man who was quite attentive to a woman who had a lovely young daughter, says the San Francisco Chronicle. His frequent calls at the home of the woman were so noticeable that the neighbors began to speculate. One day the woman spoke to her suitor thus: "The neighbors say that you are courting me for my money."

"Foolish chatter," he countered, with a laugh. "Don't pay any attention to such idle gossip. To prove that I am not, I suggest that you deed all of your property to your daughter."

This the woman did and the next day the man eloped with the lovely young daughter.

DON'T EXPERIMENT

You Will Make No Mistake if You Follow This Brainerd Citizen's Advice

Never neglect your kidneys. If you have pain in the back, urinary disorders, dizziness and nervousness, it's time to act and no time to experiment. These are all symptoms of kidney trouble, and you should seek a remedy which is known to cure the kidneys.

Doan's Kidney Pills is the remedy to use. No need to experiment. It has cured many stubborn cases in Brainerd. Follow the advice of a Brainerd citizen and be cured yourself.

Anthony Miller, 913 Seventh St., Brainerd, Minn., says: There was much lameness across my kidneys and I also suffered constantly from backache. I tried most every remedy that was brought to my attention, but nothing helped me until I procured Doan's Kidney Pills from a local drug store. They strengthened my back, removed the lameness and thus made it possible for me to get my proper rest. I know Doan's Kidney Pills to be a specific for kidney complaint.

To Stop Hiccoughs

Simple cases of hiccough are often relieved by such measures as sucking ice or taking salt and vinegar, says the New York Medical Journal. Pulling the tongue forward and holding it for some time is an effective procedure. Sometimes obstinate hiccough is relieved when the patient is strong by having him hang with the arms extended and grasping some beam or pole, so that his feet do not touch the floor. With all the abdominal muscles tense, have him hold his breath as long as possible. Sneezing is very efficient in certain cases, since it is the exact opposite to hiccough, being a sudden expiratory act.

DEPENDS UPON
TAFT'S ACTIONDemocratic Tariff Program Is
Somewhat Uncertain.

WOOL AND FREE LIST BILLS

If President Vetoes These Measures
House Managers Will Drop Tariff
Revision at This Session—If Either
Bill Is Signed Whole Tariff Program
Will Be Opened Up and Congress
Will Remain in Session.

Washington, Aug. 2.—If President Taft vetoes the farmers' free list bill and the wool tariff bill, both of which, it is asserted, will be sent to him, the Democratic managers of the house will make no further effort at tariff revision this session, but will continue the preparation of tariff bills for the regular session next December. If he signs either measure the whole tariff program of the Democrats will be opened up and congress will remain in session. Democratic Leader Underwood made this announcement.

Now the free list bill goes back to the house and Democratic Leader Underwood of that body confidently asserted that it will be finally agreed to in conference between the two houses and sent to President Taft.

It is not certain that the house will insist on a conference, for many prominent Democratic representatives, believing that the bill has not been materially changed, are urging that the house accept the senate bill without controversy and rush the first of the tariff measures up to the president for veto or approval.

"I think the bill will go to President Taft," said Leader Underwood. "I am not sure it will be sent to conference; I certainly see nothing to prevent the two houses from reaching an agreement upon its final form."

FREE LIST MEASURE PASSES

Democrats and Progressive Republicans
Again Join Hands.

Washington, Aug. 2.—Combined in the same alliance that resulted in the passage of a compromise woolen tariff revision bill in the senate last week the Democrats and Republican insurgents of that body passed a compromise farmers' free list bill, 48 to 30. The original house bill first was defeated by a tie vote of 39 to 39 and then reoffered carrying an amendment by Senator Kern of Indiana.

As amended and finally adopted the bill differs but little from the original.

BEGINS MACHINERY PROBE

Inquiry Into Alleged Trust Started by
Federal Grand Jury.

Boston, Aug. 2.—The question whether there has been an unreasonable restraint of trade in the business of manufacturing shoe machinery, under the Sherman anti-trust act, was taken up at a special sitting of the grand jury of the United States circuit court, called at the request of Assistant Attorney General Gregg who has been investigating the United Shoe Machinery company of this city. It is expected that the investigation will not be concluded before September, as the federal authorities desire to obtain evidence from shoe manufacturers in different parts of the country.

PHOSPHORUS DOUBLES WHEAT

Yields Without Match in Annals of
Scientific Agriculture.

Urbana, Ill., Aug. 2.—The yield of wheat on an experiment field of the University of Illinois in McLean county has more than doubled in the past ten years, largely through the use of phosphorus as a fertilizer, according to returns from the threshers. The record is said to be without a precedent in the annals of scientific agriculture.

Ten plots, fertilized and unfertilized, have been watched since 1902. According to the rotation policy a wheat crop was raised in 1905. Another was raised this year.

The plot treated with lime and phosphorus showed the greatest increase.

MAY PUT WILSON ON GRILL

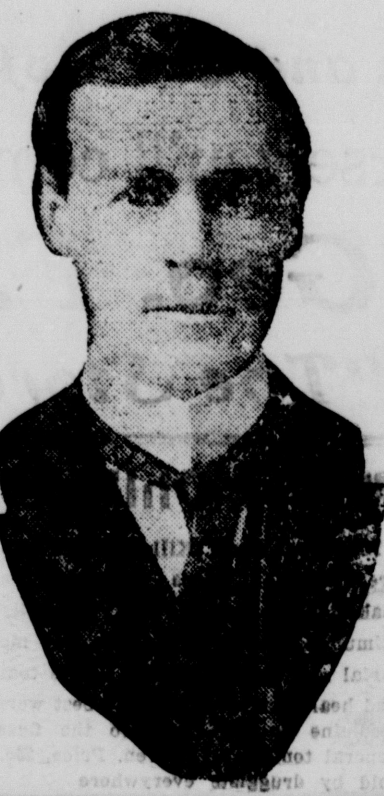

Disagreement in House Committee In-
vestigating Wiley Charges.

Washington, Aug. 2.—The house committee investigating department of agriculture expenditures and the general charges against Dr. Wiley nearly went to pieces over the question whether Secretary of Agriculture Wilson should be placed on the grill as to his reasons for organizing the Remsen pure food referee board. The matter was left open.

Vote to End Coal Strike.

Winnipeg, Aug. 2.—The vote at the Fernie coal mining camp advises ending the strike. As there are 1,100 votes there it will largely determine the vote of the district. The vote was unanimous. Merchants of the various towns are feeling the effects of the strike and, with the press, are urging the miners to give in.

FRANCIS B. HARRISON.

One of House Conferees
on Wool Tariff Measure.

WOOL BILL TO CONFERENCE

House Refuses to Concur in Senate
Amendments.

Washington, Aug. 2.—The house of representatives refused to concur in the amendments made in the senate to the wool bill previously passed in the house.

A conference was asked for and Speaker Clark named the following conferees: Representatives Underwood of Alabama, Randall of Texas and Harrison of New York, Democrats, and Payne of New York and Dalzell of Pennsylvania, Republicans.

The senate conferees, according to present indications, will include Senators Penrose and Cullom, regular Republicans, Bailey and Simmons, Democrats, and La Follette, progressive Republican.

SETS ASIDE MILLION
FOR WORTHY POORWill of Late Edward Rutledge
Admitted to Probate.

Chippewa Falls, Wis., Aug. 2.—The will of the late Edward Rutledge, lumber baron, admitted to probate here, admits of personal property of a cash value of \$3,000,000, but does not disclose anything about the vast Western timber holdings of the late timber baron.

E. L. Ainsworth, secretary of the American Immigration company and for the past five years private secretary of the testator, and S. B. Nims, cashier of the Lumbermen's National bank of this city, are the executors of the estate and are not required to give any bond and can do as they please in handling the estate, making new investments or selling property without asking the court.

The millionaire made only one bequest in the will and that to Miss Belle Morse of this city, who is given \$20,000. She is a niece of his wife, who died last October.

Then he sets aside \$1,000,000 as a trust fund, the proceeds to be used for charitable purposes.

The residue of the estate will go equally to a dozen nieces and nephews of the testator, the children of his deceased brothers and sisters.

Edward Rutledge set aside \$200,000 for a Hannah M. Rutledge home for the aged, to be built here to the memory of his wife, and the income from the \$1,000,000 trust fund will maintain it.

WAR ON SHORT MEASURES

Iowa Commissioner Starts on Vigor-
ous Crusade.

Des Moines, Aug. 2.—A statewide crusade against short measures was announced by W. B. Barney, state dairy and food commissioner, following a conference with Attorney General George Cosson. The last legislature made it the duty of the commissioner to enforce the weights and measures law.

The first step of the commissioner will be to instruct the department inspectors to make an immediate test of measures and scales in all food handling shops.

Housewives and "ultimate consumers" all over the state will be advised to purchase scales and see that hereafter potatoes, apples and the like are purchased by weight instead of by measure.

WILL BE SIGNED THURSDAY

Arbitration Agreements With France
and England Finished.

Washington, Aug. 2.—The general arbitration treaties between the United States and Great Britain and the United States and France will be signed at 3 p. m. Thursday in President Taft's office at the White House. Ambassador Bryce will sign the British treaty jointly with Secretary of State Knox and the French treaty, after it is signed by Secretary Knox, will be dispatched by special messenger to Paris to exchange for the one bearing the signature of French Minister of Foreign Affairs Selves.

TWO SIGNIFICANT
ELECTIONS SOONPoliticians Watching Kentucky
and Massachusetts.

WILL SHOW VOTERS' TREND.

Governors of Both Commonwealths Are
Possible Candidates For the Vice
Presidency—Senators and Representa-
tives Are Eager to Adjourn and
Leave Washington.

By ARTHUR W. DUNN.

Washington, Aug. 2.—[Special.]—Two state elections this fall are expected to have considerable significance, although it would be easy to predict the result in both states next year as to president. Massachusetts will elect a governor and so will Kentucky. Kentucky, seemingly a sure Democratic state, now has a Republican governor, and Massachusetts, always a Republican state in presidential years, has a Democratic governor.

The vote in both states will be somewhat significant as showing the trend of politics. Foss of Massachusetts is a vice presidential possibility, and if he carries the state by a good majority another time he will be in the presidential class. Governor Wilson will be considered as a vice presidential possibility on the Taft ticket if he is again elected in Kentucky.

Want to Get Away.

While there is a lot of talk about "ticking to do our duty and legislating for the people," there are mighty few members who are not sick of congress and want to get away. Speaker Clark desires the adjournment and says it is the duty of the Democrats to stay here and legislate. This is pretty good for Champ, for he is losing a thousand dollars a week that he might be making on the lecture circuit.

In the senate the desire to adjourn is greater than in the house, which would be shown if a secret poll could be taken. But duty drives them on and until there is a good excuse to adjourn the senators and representatives must stay on and legislate or try to do so.

Investigations Will Lag.

As soon as congress adjourns the investigations that have been going on will practically cease. Members of committees conducting them are willing to keep going as long as they have to stay in Washington, but they will not remain just for that purpose after the adjournment. Of course a few committees may continue, especially those that move about from place to place and take testimony, but it is believed that nearly all committees of inquiry will adjourn with congress.

Distinguished Fort Dodge.

The congressional directory, the guide of faith for the national capital, shows that one man in congress was born in Fort Dodge, Ia. Years ago this distinguished place was a frontier military post on the Des Moines river. Later it was the home of Senator Dooliver and is now the home of Senator Kenyon.

Steven B. Ayres, representing the Eighteenth district of New York, the Bronx, is a native of Fort Dodge, having been born there in 1861. His parents must have been pioneers. Since he came to congress and the election of Senator Kenyon to the senate Ayres and the Iowa senator have become very great friends. Ayres likes to hear about his old home, and Kenyon has a liking for the active representative of the Bronx district.

An Ohio Object Lesson.

There is doubt expressed whether the congressmen who were making a trip down the Ohio river were held up on a sand bar by accident or design. They have been grieved about it, but it all may have been an object lesson by which the navigation interests wanted to convince the men who prepare river and harbor bills of the necessity of making ample appropriations for the Ohio river.

Capital Restaurants.

Both the senate and house maintain restaurants for the accommodation of senators and representatives, the capitol employees and visitors who may be at the big building about lunch time. That neither of these eating places is good has been well known for years. It seems to be impossible to make them meet the requirements of midday meals. Heavy foods, not prepared with care corresponding to the prices, prevail to a large extent.

It is impossible for people to get a light luncheon of a dainty character. Many men leave the capitol and seek their lunches at eating places near the capitol grounds. In the matter of official restaurants the Canadian parliament has Washington beaten out of sight.

Dislikes Police Court Methods.

If Senator Oliver of Pennsylvania can have his way he is going to stop the police court methods of debate in the senate. The idea of running colloquies of interminable length without accomplishing any purpose is objectionable to Oliver. He has established a precedent and a ruling to the effect that no senator can yield the floor to any one except for a question, and he intends to enforce that rule when he is in the senate.

JAMES K. VARDAMAN.

Has Slight Lead in Missis-
sippi Senatorial Primary.

VARDAMAN LEADS IN RACE

Ahead in Democratic Senatorial Pri-
mary in Mississippi.

Jackson, Miss., Aug. 2.—Former Governor James K. Vardaman probably will be the next United States senator from Mississippi. Meager returns from the Democratic primary election show he is leading Senator Leroy Percy and C. H. Alexander at a ratio of about 46 per cent. In the more remote rural districts it is reasonably predicted that this ratio will be sufficiently increased as to give Vardaman a small majority over both his opponents.

RAILROADS INTEND
INCREASING RATESOfficers of Transcontinental
Lines to Meet Aug. 7.

Chicago, Aug. 2.—A step by which transcontinental railroads hope to offset the recent reduction in commodity rates to Western points ordered by the interstate commerce commission is expected to be taken at a meeting of the traffic and executive officers of all transcontinental lines to be held here Aug. 7.

The plan under consideration by the railroad men comprises the abandonment of the present method of meeting water competition on the Pacific coast, so far as the class rate business is concerned, and a substantial increase in rates.

Class rates were not involved in the intermountain case and as they cover only high grade commodities the railroads are said to feel there is not imperative need of meeting competition of the water carriers.

PEAVEYS SELL ELEVATORS

Part of General Liquidation of Grain
Company.

Minneapolis, Aug. 2.—F. B. Wells, vice president of F. H. Peavey & Co. of Minneapolis, returned from Chicago, where he was engaged in conferences with reference to the Peavey Grain company. Mr. Wells announced the sale of the company's grain elevators in South Chicago, saying it was a part of the general liquidation of the business. "The elevators have been for sale for some time," said Mr. Wells.

With regard to the report of the creditors' committee in connection with F. H. Peavey & Co., showing the latter company to have borne well the losses sustained because of the failure of the Chicago firm, Mr. Wells said: "Things are just as we said they would be. Assets of \$5,500,000 as security for collateral notes should be sufficient guarantee against an indebtedness of \$2,000,000."

WOMAN IN CHARGE OF MINTS

Highest Paid Female on Government
Payroll.

Washington, Aug. 2.—A woman is now in actual charge of the mints of the United States. Miss Margaret Kelly, long connected with the mint bureau, was appointed examiner, in which position she will be next in authority to George E. Roberts, the director. Mr. Roberts at present is out of town and will not be back for several weeks.

Miss Kelly's salary will be \$3,000 a year, making her the highest paid woman in the government service.

Would Extend Settlers' Aid.

Washington, Aug. 2.—Senator Crawford of South Dakota has introduced a bill in the senate for the relief of homesteaders in the Rosebud, Cheyenne and Standing Rock reservations, similar to that of Representative Burke. The house committee on public lands, which favorably reported Representative Burke's bill, eliminated Cheyenne and Standing Rock.

Women Assault Editor.

Danville, Ill., Aug. 2.—Frank H. Guthrie, editor of the Record, published at Westville, was mobbed by women who were enraged over references made to them and their daughters in his paper. After the editor's spectacles had been smashed he drew a revolver and by threatening to shoot escaped to the home of a friend.

IS CONCLUDED

CAMPAIGN ON NEXT WEEK

Canadian Leaders Will Begin Reci-
procity Speeches.

Ottawa, Ont., Aug. 2.—Owing to continued pressure brought to bear upon them by candidates for re-election to parliament the leaders of both parties decided to begin active campaigning early next week. Sir Wilfrid Laurier will make his first platform speech for ratification of the reciprocity agreement probably next Tuesday at St. Thomas, Ont.

Opposition Leader Borden probably the same day will begin in Ontario his fight against reciprocity and the return of the Laurier government. He is expected to speak at a big political picnic in the Toronto exhibition grounds. Mr. Borden will stump Ontario for three weeks and then will address meetings in Quebec and the maritime provinces. The premier will move in the same direction.

TARIFF BOARD IS PEEVED

Alleged Statement of Employee Said
to Be Without Foundation.

Washington, Aug. 2.—The tariff board is much put out at a recent statement from Ogden, Utah, attributed to W. C. Barnes, one of the board's special investigators, that sheep could be raised in the United States for \$1.50 a head.

After an investigation the board announced that Mr. Barnes denies making such a declaration and that the statement, whether made by Mr. Barnes or not, is inaccurate and unauthorized.

BOAT UPSETS; SEVEN DROWN

Seventy-five Passengers Thrown Into
River.

Massena, N. Y., Aug. 2.—Seven persons were drowned in the St. Lawrence river when the ferry steamer Sirius struck a shoal eight miles below this city, capsized and hurled its seventy-five passengers into the river. Four bodies have been recovered.

Board of Food and Drug Inspec-
tors Takes Testimony.

DECISION WILL COME LATER

Question of What Constitutes Amber

Fluid Still Undecided and Informa-
tion Will Be Gathered From Chem-
ists and Brewing Experts Before
Opinion Is Rendered—Letter Writ-
ten by Secretary Wilson Read Be-
fore Dr. Wiley's Assistants.

Washington, Aug. 2.—Dr. Harvey W. Wiley's board of food and drug inspection concluded its hearing on the question "What is beer?" and, still somewhat unlightened, will continue to gather information from chemists and brewing experts before announcing a decision.

Some idea of the attitude of the authorities, however, toward the beers now sold may be derived from a letter written by Secretary Wilson of the department of agriculture, produced at the hearing by John R. Mauff of Chicago, representative of the National Consumers' league, as well as of the barley growers of Minnesota and Wisconsin, who insist on the superiority of their product over corn and other grains used. The letter was written Jan. 24, 1911, to S. D. Kump of Indianapolis, Ind., a barley dealer. Secretary Wilson says:

"I have just been interviewing our chemists and pure food experts along barley lines and it is in their minds and mine to reach something definite with regard to what beer is. We could require that beer made from anything else than barley should have a label showing its component parts; I think we can go that far. If we find that any beers injurious to the public health are being made we could declare them adulterants and stop the interstate trade in them."

"It seems to be a subject concerning which our people know less than almost anything else, but I have been urging inquiry into it; I am in sympathy with you along this line. Investigation will bring the facts and we will have investigation made."

Lawrence Maxwell of Cincinnati, former United States solicitor general and now representative of thousands of corn growers in the Middle West, protested against the movement to label specifically the beers made from products other than barley malt and hops. Asked by A. Slaughter of the Wisconsin state board of the American Society of Equity whether he would object to the labeling of all beers Mr. Maxwell declared that labels are unnecessary; that President Taft in his decision on "What is whiskey?" had laid down the rule that no liquor need be labeled as to its component parts.

TELLS OF RECEIVING BRIBE

Charles A. White Still Testifying in
Lorimer Case.

Washington, Aug. 2.—Charles A. White, the confessed bribe taker of the Illinois legislature, was on the witness stand before the senate Lorimer committee telling his tale of corruption and when the committee adjourned his story had not been completed.

White's testimony followed in outline that given at the first Lorimer investigation by the senate. Attorney Marble, for the committee, allowed the witness, however, to tell many details not mentioned in that hearing but published in White's so called confession in the Chicago Tribune.

Without flinching or qualification White told of being asked by Leo O'Neil Browne, minority leader in the legislature, to vote for Lorimer and of being told by Browne that there would be no "chicken feed in it, either."

He described in a wealth of detail the alleged payment to him by Browne of \$1,000 as "Lorimer money."

POPE CONQUERING ILLNESS

Physicians Say Pope's Indisposition
Dues Chiefly to Heat.

Rome, Aug. 2.—The condition of Pope Pius, although not quite normal, is not alarming in the slightest degree. The weakness following the last indisposition of his holiness has been due chiefly to the exceptional heat.

The doctors assure Pope Pius that he is now on the way to a complete recovery and have advised him to continue the "rest cure" they have ordered. They believe that within a short time his holiness will be able to resume the ordinary routine of his life, as they say that he is getting stronger every day.

Short-hand Pigeon.

That the ailments were thorough-
conversant with shorthand is an un-
disputed fact. It subsequently be-
came a lost art until revived or rediscovered
toward the end of the sixteenth cen-
tury. At this time there lived William
Lawrence, who died in 1601 and was
buried in the cloister of Westminster
abbey. There the visitor may read his
epitaph, which includes the following
lines:

Shorthand he wrote; his flower in prime
did fade.
And hasty death short hand of him hath
made.

The ladies sewing society of the Finnish Lutheran church was entertained last Sunday by Mrs. Aug. Nelson at their home in Oak Lawn. About 50 people were present and all seemed to have a good time. Fine music was furnished by the young ladies and later in the afternoon some outdoor games were played. In the evening, while returning home a heavy rain shower came up and most of the ladies got a good drenching. All were in good spirits just the same.

FUNNY CIRCUS CLOWNS
Fire Engine and Fire Scene at Sells-Floto Circus August 5th, 1911

As every season rolls around we generally find the proprietors of big tented attractions vying with each other in order to produce the most novel act, be it either what is commonly known in circus parlance as a thriller or pure comedy.

There is something irresistibly funny in the laughable act introduced by the Sells-Floto people this year. It is that of a real battle with the flames by the Associate Clowns of that organization.

A regular fire engine is used of the most approved make and it may add interest to know that is drawn by perhaps what is considered the most celebrated team of fire horses on the continent, being those who journeyed to London a few years ago and wrested the honors from all competitors at the series of fire drills given there.

A building is discovered on fire in the center of the main tent. The regular alarm is given and the fire engine rushes in followed by the clowns who come armed with soda water siphons, watering cans and other such paraphernalia. Their ludicrous efforts to extinguish the flames is said to be about the funniest thing that has ever been introduced to the patrons of the circus.

The Sells-Floto circus will give two performances here on Saturday, August 5th. The price of admission, as most people know, has been cut in half this year so that for 25 cents one is permitted to see this great circus in its entirety.

A Famous War Horse.
Bucephalus, the charger that carried Alexander the Great through all his campaigns, received his name from the fact that, although white, he had a black mark resembling an ox's head on his forehead. A Thessalonian had offered the horse for sale to Philip of Macedon, but as none of the monarch's attendants could manage him the king ordered his owner to take him away. Alexander, who was present, expressed his regret at losing so fine an animal, and Philip replied that he would buy the horse if his son could ride him. The offer was accepted by Alexander. Bucephalus would never suffer from any other person to mount him.

STREETS LIGHTED THURSDAY NIGHT

Fifty Luminous Arc Lights are Promised to Illuminate Residence Sections

ALL BE GIVEN FAIR TRIAL

Satisfactory 18 More Will be Purchased to Give City Former Quota of Lights

Street lights have been promised the city Thursday night and if they make their appearance something in to a civic celebration or water carnival should be arranged to properly celebrate the much wanted, long deferred, much heralded event.

Fifty luminous arc lights, suspended from wires stretched between poles and placed at various street intersections will sputter and light up the circumambient atmosphere of tomorrow night—if nothing goes wrong.

This first purchase was 50 lights and if these prove satisfactory 18 more, it is said, will be installed and this will bring the quota of lights up to the old figure, 68, which the city enjoyed when it had its own plant.

BAND CONCERT TONIGHT

Braingerd City Band Will Play at Depot Park This Evening Rendering Fine Program

The Braingerd City band will give a regular weekly program concert this evening at the bandstand in the depot park.

The program to be rendered embraces a selection of the latest music, especially pleasing is the senenade, "Amina," by Paul Lincke. Kremer's popular melodies embrace many of the season's hits. Commencing at 7:15 the band will play:

1. March—Selected.
2. Overture, "Vanessa"—St. Clair
3. Characteristic, "When You're a Town"—(New)
4. Waltzes, "At the Matinee"—Howe.
5. Senenata, "Amina"—Paul Lincke.
6. Kremer's Popular Melodies—Veldon. Consisting of the season's hits.
7. March, "America Forever"—Howe.

A Slap at Miss Keeter

When the summer sky is azure blue when your heart is light and your love is true, when your sole idea of a boy is a slender waist in a spot quite dark; when you have the place the girl and that you're sitting there for a quiet chat, can you recall in your young life of such anger deep, or a wrath so rife when with a fearful ire your arms were flung to anticipate the mosquitoes biting? When you scratch and shrill and slap and swear, and you law and slash and he's not there, if you want relief invest a quarter, and Skeeter Skoot will complete the laughter.—Audyard Dipping.

Don't get stung! See! The Skeeter scot.

Hay Fever, Asthma and Summer Colds

Must be relieved quickly and Foley's Honey and Tar Compound will do it. E. M. Stewart, 1034 Wolfram St., Chicago, writes: "I have been greatly troubled during the hot summer months with Hay Fever and find that by using Foley's Honey and Tar Compound I get great relief." Many others who suffer similarly will be glad to benefit by Mr. Stewart's experience. For sale by all druggists.

POPULAR PEOPLE LEAVE

Government Inspector aned Mrs. A. B. Rider Leave for Sioux Falls, S. D.

Government Inspector and Mrs. A. B. Rider left this afternoon for Sioux Falls, S. D. where Mr. Rider superintends the construction of a large addition to a government building. Mr. Rider had supervision over the construction of the new postoffice in Brainerd, and did most excellent work here, being a careful and conscientious official.

Mrs. Rider endeared herself to many by her interested efforts in church work and distinguished herself especially at Brainerd's first tag day when she gathered many contributions. They have been in Brainerd about a year and during their stay made many friends who will regret to see them leave.

Do not allow your kidney and bladder trouble to develop beyond the reach of medicine. Take Foley Kidney Pills. They give quick results and stop irregularities with surprising promptness. For sale by all druggists.

TWO GAMES WITH INDIANS

Walker Reservation Indians Will Play Brainerd on Sunday and Monday

The management of the Brainerd City team has arranged two games with the Walker reservation Indians which will be played, one on Sunday afternoon, August 6, and one on Monday evening, August 7.

Ed. Rogers, the one-time star football player of Minnesota university, will captain the team of redskins. The line-up, it is said, will be as follows:

Hole-in-the-Day—catcher.

Afriad-of-a-Bear—left field.

Big-Little-Boy—right field.

Always-Late-for-Dinner—center field.

Chief Heckelfinger—short stop.

Potlatch-Wawa—pitcher.

Skookum-Tenaas—second base.

Ed. Rogers—first base.

Bungo Bill—third base.

The Indians are said to do a war dance every time one of their number makes an error. When an Indian makes a home run there is a regular blue berry revolution of a time. These side features alone are worth the price of admission to the games. No one should miss the big games. Children and ladies will be especially interested.

A PLEASANT VACATION

Rev. Karl A. Lundin and Family Visited Aitkin, Mille Lacs Lake, Opstead, Etc.

Rev. Karl A. Lundin and family have returned from a lengthy vacation which embraced a visit by all at Duluth and by the pastor at Aitkin, Mille Lacs lake, Opstead, Isle, Knife Lake, Comfort, Brunswick, and Grass Lake. Rev. Lundin was for several years pastor of the churches at Brunswick and Grass Lake and also at one time, filled the pulpit of the First Swedish Baptist church for seven years at Duluth. He has also been a missionary in northeastern Minnesota. This gives him a wide acquaintance and many friends throughout Minnesota.

MUSIC AND DRAMA

At the Grand

Lloyd Wagner and Lottie Diggs are the comedy sketch artists at the Grand who present their sketch entitled "Jealousy", introducing high class musical numbers and "that singing dog." Grand theatre goers were well pleased with this number and tonight will be the last time to see them as the bill is changed on Thursday evening.

The motion pictures include "Jim and Joe", a tale with the setting of the sea and "Madeline's Rebellion," a very interesting and well played comedy. Mr. Al. Mraz sings "In My Dreams of You." Piano selections are played by Miss Hazel Treglawny. The house has had good audiences this week.

At the Empress

"Semiramis" is the masterpiece in colored film pictures which has created a furore at the Empress and caused the house to be filled at every performance. Tonight is the last night to see this great series of scenes of old Babylon, its beautiful hanging gardens, its queen and her wonderful reign and the destruction in the end. It is said to have cost Pathes, of Paris, France, \$75,000 to stage and produce this tale of oriental splendor and barbaric magnificence.

Two comedy pictures, "Heroes Three" and "Mistakes Will Happen"

cause much laughter. "Lost and Won" is a romance of the California oil fields and shows a big oil gusher at work.

"The Missouri Girl"

Of all the attractions which have visited us in the past decade, none is more popular with the theatre-going public than that quaint and always welcome, pretty domestic comedy, "The Missouri Girl." Its author and manager, Mr. Fred Raymond, feels justly proud of its unbounded success as a work of dramatic art, years of popular favor, and wonderful drawing powers. It is a faithful picture of American country life, with a healthful and invigorating atmosphere. In the construction of this truly successful play Mr. Raymond has given to the American stage two character delineations, "Zeke" and "Daisy," which stand alone as laugh producers, and one wonders at the unadulterated simplicity which characterizes those two excruciatingly funny creations; but the play has also its serious side of life, which brings into action an exceptionally strong company of artists. "The Missouri Girl" is remarkable for the attention which is given to the details in the elaborate settings and accessories giving the play a most realistic effect. During the action of the play novel musical numbers, songs and dances are introduced. The oftener the public see "The Missouri Girl", the oftener they want to see it. It is undoubtedly the greatest self-advertising play on the American stage today. That is the reason why it has been seen by millions of the theatre-goers during its years before the public. It pleases; hence its unprecedented success: "The Missouri Girl" will be at the Brainerd opera house Tuesday, August 8. Prices 25c, 50c, 75c and \$1.00.

OPENING OF NATATORIUM

Ridley's Natatorium and Gymnasium Opened to the Public on Tuesday Evening

50 MEN SPLASHED IN THE TANK

Basement Equipped With Turkish and Ladies Bath Rooms, Lockers and Rest Rooms

George A. Ridley's natatorium and gymnasium at 512 Front street was opened to the public last night and a large crowd was present. Fifty young men took advantage of the opportunity to enjoy a dive into and a swim in the big tank.

The swimming tank is situated in the rear end of the building and is built solidly of cement and measures about 25 by 45 feet. Its depth near the alley is three feet, and from there to its northern end it is graduated to 8 1/2 feet. Ritari Brothers constructed the swimming pool and from the test given last night it proved entirely satisfactory. No leaks were sprung and its smooth surface offered no obstructions to the swimmer's toes. White cement was used as a finishing coat.

A spring board was placed at the end of the tank and it was a pretty sight to see the many athletic young men take a run and rop gracefully into the water. Above the pool are ten rings and a flying trapeze and many swung from these and dropped into the water. The splashing and noise was terrific but every one enjoyed it. It resembled old days in the swimming pool when one was "playing hooky."

The building is well illuminated with electric lights. The natatorium ceiling has two large skylights which admit a perfect flood of light. The room is painted white and this also serves to brighten up things.

The gymnasium on the main floor near the street entrance is equipped with punching bags, Indian clubs and other paraphernalia. More will be added from time to time. A lattice work partition divides this room from the entrance lobby.

In the basement are found the turkish bath rooms, slabs on which a person is rubbed down, ladies bath room, shower baths, and the many rest rooms where one may lie down after a turkish or other bath. Three dozen lockers offer places to keep one's clothing or other effects. A large boiler supplies the hot water for the swimming tank and the baths.

A new feature introduced is the bath-oven for the treatment of rheumatic diseases and it is being well patronized. In a short time Mr. Ridley will announce his program outlining the hours for gymnasium classes of ladies and of gentlemen, the bathing hours of each and other required information. There will be days for the ladies when lady attendants will be in charge.

Foley Kidney Pills will check the progress of your kidney and bladder trouble and heal by removing the cause. Try them. For sale at all druggists.

GET YOUR BOX NUMBERS

People Owning Lock Boxes at the Postoffice Will Have an Opportunity to Select New Ones

Postmaster Ingersoll announces that those who desire will be given an opportunity to select their new boxes at the government building on Thursday afternoon between the hours of 3 and 5 o'clock and at the same time on Friday. This opportunity is given in order to avoid as much confusion as possible at the time of moving and to enable the postoffice employees to label the boxes and to a certain extent familiarize themselves with the same. Those who have lock boxes at the old postoffice are asked to make their selections and the changes will be made, this being necessary because the numbers are different on the two outfits. New renters will also be accommodated on these two "bargain days" as no one is barred from owning a post box in Uncle Sam's postoffice. The lobby will be used on the days and hours named above for the transaction of this business.

Loss of Time Means Loss of Pay

Kidney trouble and the ills it breeds means lost time and lost pay to many a working man. M. Balent, 1214 Little Penna St., Streator, Ill., was so bad from kidney and bladder trouble that he could not work, but he says: "I took Foley's Kidney Pills for only a short time and got entirely well and was soon able to go back to work, and am feeling well and healthier than before." Foley Kidney Pills are tonic in action, quick in results—a good friend to the working man or woman who suffers from kidney ills. For sale by all druggists.

COMMISSIONERS PROCEEDINGS

Proceeding of the Board of County Commissioners, Meeting Held August 1st, 1911

Meeting called to order at 10 o'clock a. m.

All members present.

Minutes of meeting July 10th, also adjourned meeting of July 17th and the proceedings of the board of equalization were read and duly approved.

The president of the village council of Deerwood, reported two women at that place in destitute circumstances. Commissioner Edquist was directed to see what could be done in the matter.

A motion was made and duly carried to reconsider the action of the commissioners on July 10th, in rejecting the bid of Thomas & Anderson for widening out the two miles of grade on state highway No. 2 in sections 29 and 30, Nokay Lake town. A motion then prevailed that they be awarded the contract at the price named in conjunction with the job already let to them in section 25 of Oak Lawn adjoining this piece of work. Mr. Kreech voting no on the latter proposition.

Petition of Louis Wahl to be set off with his lands, viz: the SE 1/4 of SW 1/4 and the S 1/2 of SE 1/4, Sec. 34, township 44, range 29 from school district No. 38 to district No. 77, and also the petition of August Imm to be set off with his lands, viz: lots 3 and 4 and the W 1/2 NW 1/4, section 30, township 43, range 28, from district No. 78 to district No. 77, were both presented to the board. Upon motion the petitions were accepted and a hearing ordered upon the same before the board at the next meeting, September 5th, 1911, at 2 o'clock p. m.

Meeting adjourned until 2 o'clock p. m.

All members present.

The following proposals for the bridge across the Mississippi river at Brainerd were opened, each bidder submitting his own plan:

Security Bridge Co., plan "A", \$44,600.

Security Bridge Co., plan "B", \$43,400.

Hennepin Bridge Co., \$45,900.

Continental Bridge Co., \$48,000.

Minneapolis Steel & Mach. Co., \$49,400.

Great Northern Bridge Co., \$48,900.

A. Y. Bayne & Co., \$46,730.

The plans varied some what in weight of material used and other details and each bidder was present and explained his plan at some length. The board considered the plans of the Security Bridge Co. to be the best bridge for the money and a motion was made and carried to reject all bids except these and to defer action upon the latter until the next meeting, September 5th, during which time the plans should be submitted to the state engineer for approval.

R. R. Wise reported certain culverts in sections 28 and 29 in township 134, range 28 to be out of repair, and upon motion \$50.00 was set aside from the road and bridge fund to fix the same under and bridge rection of Commissioner Kreech.

The question of the town line road between Maple Grove and Garrison was again discussed, the entire board having made an examination of the ground. A motion was made and carried that the petition be granted and the road established and that the benefits to all adjoining owners to adjudged equal to the damage. All commissioners voting aye except Commissioner Kreech.

Petition of J. M. Elder and others for a new road leading west from the present Gull lake road on the town line between Smiley and township 134, range 29 to the shore of Gull lake as read. Upon motion the petition was accepted and a hearing ordered before the board September 5th, 1911, at 2 o'clock p. m. and Commissioner Kreech was appointed a committee to inspect the route of the proposed road on Friday, September 1st, 1911, at 10 o'clock a. m.

Plat of the First Addition to Barrows was presented and on motion duly approved and ordered filed with the register of deeds.

Commissioner Poppenberg moved to rescind the resolution adopted by the board on July 15th, to the effect that no more liquor licenses should be granted by the board. Commissioner Kelnow seconded the motion and it was carried. Commissioners Edquist and Erickson voted no.

The application of John D. Gile for liquor license at Barrows was then taken up and upon motion the same was granted, all voting aye except Mr. Erickson.

The report of Engineer Garrison making final acceptance of the concrete bridge across Mission Creek was approved and the Security Bridge company ordered to be paid \$740.00 in full of the contract.

The county surveyor reported that he had made an examination of the two routes suggested for state highway leading west from Brainerd. On the whole he considered the route south of the railroad to be the most feasible with a better chance to get good material than on the north side.

Application of the town of Sibley for road money was received and placed on file.

SINCLAIR IS SENT TO JAIL

Single Taxers Get Eighteen Hours for Playing Tennis on Sunday.

Wilmington, Del., Aug. 2.—At a hearing here Upton Sinclair, the author, and ten other members of the single tax colony at Arden, Del., near here, pleaded guilty of violating the Sunday laws by playing tennis and baseball and refusing to pay fines, were each sentenced to eighteen hours' imprisonment in the New Castle county workhouse.

Sinclair, who was charged with playing tennis on Sunday, was fined \$4 and costs.

He Proved It.

Down Fresno way lived a man who was quite attentive to a woman who had a lovely young daughter, says the San Francisco Chronicle. His frequent calls at the home of the two were so noticeable that the neighbors began to speculate. One day the woman spoke to her suitor thus: "The neighbors say that you are courting me for my money."

"Foolish chatter," he countered, with a laugh. "Don't pay any attention to such idle gossip. To prove that I am not, I suggest that you deed all of your property to your daughter."

This the woman did and the next day the man eloped with the lovely young daughter.

The Wail of the Victim.

"You can't get something for nothing," said the man who affects prov-erbs.

"No," answered the easy man; "I can't, but the people with whom I do business seem to manage it every now and then."—Exchange.

DON'T EXPERIMENT

You Will Make No Mistake if You Follow This Brainerd Citizen's Advice

Never neglect your kidneys.

If you have pain in the back, urinary disorders, dizziness and nervousness, it's time to act and no time to experiment. These are all symptoms of kidney trouble, and you should seek a remedy which is known to cure the kidneys.

Doan's Kidney Pills is the remedy to use. No need to experiment. It has cured many stubborn cases in Brainerd. Follow the advice of a Brainerd citizen and be cured yourself.

Anthony Miller, 913 Seventh St., Brainerd, Minn., says: There was much lameness across my kidneys and I also suffered constantly from back-ache. I tried most every remedy that was brought to my attention, but nothing helped me until I procured Doan's Kidney Pills from a local drug store. They strengthened my back, removed the lameness and thus made it possible for me to get my proper rest. I know Doan's Kidney Pills to be a specific for kidney complaint.

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.
